Lets Contract for Sewers

Mokena Trustees Act; Contingent Upon Sale Of G. O., Revenue Bonds

VIEWS RECOVERED LOOT—Tinley Park's Chief of Police Harold C. Moore is shown here looking over some of the loot recovered following the arrest last week of a gang of youths who allegedly have admitted a series of burglaries in the area. Chief Moore is inspecting a pistol found in the car in which three of the group was captured, and in front of him are some of the shotguns stolen from the Frankfort Hardware store. At one side is a radio, some ornamental tire rims and four new tires. (Marvin Smith photo)

Seriously Burned In Flash Blaze

Mrs. Charles Bessie Ellis, 60, of 151 Elm st., New Lenox, is a patient at Silver Cross hospital as a result of first, second and third degree burns suffered Saturday, is still reported to be in serious condition.

Mrs. Ellis was burned in a flash fire as she was cleaning a concrete dog run at the rear of their home. She had gotten up early Saturday morning and went out to clean the dog run as a surprise to her husband who had planned to do the job that morning.

Mrs. Ellis had sprinkled some gasoline around the edges of the run outside the fencing and had burned it off. Later she went back and threw some gasoline on the floor inside the the fencing. Before she could ignite it there was a sudden puff and a sheet of flame leaped over the run and ignited Mrs. Ellis' clothing.

Her husband said that apparently a small stick that had been ignited when the outside of the run had been burned was still glowing but went unnoticed by Mrs. Ellis and that it was such an ember that set off the gasoline.

Mr. Ellis heard his wife scream and rushed to her aid. She was burned on the face, neck, arms, legs and body. Mr. Ellis rushed her to the hospital.

The run is separate from any kennel so the several pedigreed German Shepherd puppies that the Ellises are holding for sale, were not endangered.

Mokena Resident Needs Blood Donors

Mrs. Louise Hentsch who underwent emergency surgery in Silver Cross hospital, required several blood transfusions.

The family of Mrs. Hentsch is asking four persons to donate blood to replace that used from the hospital bank. Further information can be had by calling the Hentsch home in Mokena 2201.

Jolietan Dies In Auto Crash Near Frankfort

The only traffic fatality in Will county over the Labor Day week-end occurred in Frankfort township. The victim was William J. Delrose, 50, of 208 E. Webster st., Joliet, a pari-mutuel clerk at Washington Park race track.

The accident occurred at 6:20 o'clock Friday evening on U.S. 30, about two miles east of U.S. 45. Delrose was returning home from the track and was alone in his car. Traveling west, Delrose's car was struck in the left rear by a skidding east bound automobile.

The Delrose car went off the pavement and struck a culvert. Delrose was taken to St. James hospital, Chicago Heights, where he was pronounced dead on arrival.

Priorities Set For Asiatic Flu Vaccine By State Medical Group

Medical authorities expect an epidemic of Asiatic flu to strike in late fall or early winter, and millions of people to contract the disease.

Limited supplies of a vaccine developed to counteract the disease may be available within the near future, authorities state.

The Medical Advisory Committee of the state of Illinois has prepared a priority list, which provides for first inoculations to be given to doctors, nurses and public health personnel and all hospital and nursing home personnel, so this group will be available should the epidemic strike.

List Categories

Second on the list are expectant mothers and infants. Patients with chronic illnesses are listed third because the disease could weaken a person who already is suffering with other diseases, it was pointed out.

Fourth on the list are essential government workers such as firemen, policemen and teachers. Fifth are persons over 50

(Continued to page 12)

Scouts Plan Old Time Contest

A Boy Scout "Whing-ding," reviving contests and competitions as practiced in the "good old days," is planned by the scoutleaders and scout troops of Mokena and New Lenox for Sept. 13-14 and 15 at Mokena Community park.

Arthur Omland, scoutmaster of Troop 40, Mokena, and Robert Buckler, scoutmaster of Troop 49, New Lenox, and other scout leaders have been reminiscing recently about the "good old days" when scout troops in a district would get together and pit their skills against each other in scouting contests.

In those times there were fewer troops and fewer scouts so an assembly of this kind was practical. With the great number of scout units in the district today such contests are out of the question, Mr. Omland said, explaining that the manpower necessary to run such an affair requires a much larger staff than is available.

To Have Campfires

He and Buckler concluded, however, that such a program is feasible if carried out on a small scale and so have started plans. They would include Frankfort but for the fact that Frankfort is without a scout troop. They are hopeful that the affair will draw spectators from Frankfort, however, and serve to stimulate interest in scouting in that community.

The program as outlined calls for the scouts of Mokena and New Lenox to campout Friday and Saturday nights (Sept. 13 and 14) and two campfires will

Mokena Board Pigeon-holes Pigeon Question

The Mokena village board has plenty of business these days to keep the minds of the trustees occupied so there were no rousing cheers sent up by the village fathers Tuesday night when Clerk Alvin Sorensen read a complaint relative to the possession of livestock by residents within the corporate limits.

Some may take exception to "livestock" as put forth in the complaint as improper, irrelevant and immaterial, holding that "livestock" is usually applied to king-size creatures, with four legs, such as cows, horses, a hog, or even a shoat. But the complaint filed with the board did not single out any such animal. The complaint was chiefly exercised about pigeons.

Evidently Not 'Homers'

It was not stated in the communication on file with the board that the pigeons disturbed the complainant with the noise of their footfalls as they walked on her roof or sidewalk, nor do they sing, but it seems that if they are what is known as "Homers" they don't know it and the complainant wishes they did.

The complainant objects to having her property serve the feathered visitors as a home away from home. They wouldn't mind them dropping in occasionally but as a steady thing its too much.

The village trustees listened politely but they were not men to be caught out in the middle of a tempest in a teapot. There are a couple of pet lambs in the village, some rabbits, not to speak of parakeets, parrots and other birds and fauna that would come under the general heading of "livestock" as used in the ordinance and if the trustees began taking picks on household pet . . . well!

So after the pigeon question had been aired the board voted unanimously on a motion put by Trustee Phil Hacker:

"Pigeon-hole the matter."

be held, one each night. A family picnic is planned in conjunction with the noon meal on Sunday.

The daylight hours will be devoted to various contests, including making a fire without matches, knot tying, tracking, woodcraft etc.

The "whing ding" is open to the public, the daylight sessions as well as the evening hours, including an opportunity to participate in a campfire sing. An Indian act or two is also planned.

The Mokena village board at its regular meeting Tuesday night awarded contracts for a sewer system and sewage disposal plant pending sale of the general obligation and water and sewer revenue bonds necessary to finance the improvements.

The two bids total \$334,171.05 a figure well within the estimate of cost compiled by the village engineer, Robert Hamilton.

The bids taken by the Mokena board are viewed with interest in other communities such as Frankfort and New Lenox where sewer systems are under consideration.

The contract for the sewage disposal plant was let to Lindblad Construction Co., of Joliet, for \$147,800.

The contract for the sewer system, including 11,000 feet of service connection stubs-lines leading off the mains to the sidewalk line—was awarded to Blaine Saxton, of Mokena, for \$186,371.05. This figure is broken down into two segments—\$145,671.05 for the sewer mains, and \$40,700 for the service stubs.

Saxton's original bid of \$6 a foot on the service stubs was high under the terms of the bidding the board was empowered to negotiate on the stubs and Saxton dropped his figure from \$6 to \$3.70 per foot.

According to Engineer Hamilton who checked on the successful bidders the work of Lindblad Construction Co. and Saxton are highly recommended by those who have employed them. Saxton recently completed a sewer contract at Western Springs and is now engaged on a similar project at Park Forest.

More Signing Up

C. G. Gustafson and Dominic Principalli, representatives from the Lindblad firm, told the

(Continued on Page 12)

Firemen's Group in Area Will Meet at Mokena Oct. 21

Mayor James Marti who also is president of the Mokena Volunteer Fire Department announces that the Mokena department will play host to the Association of Fire Departments Oct. 21.

The association is made up of departments from the communities in the area and the meeting at Mokena will be held in the VFW hall on Wolf road at 8 o'clock the night of Oct. 21. Refreshments will be served following the business session. Members of the village board have been invited to attend.

FRANKFORT PTA

Glenn Mallory, of Champaign, is to address the Frankfort PTA at its meeting in the school on Sept. 11 at 7:30 o'clock. Mallory will discuss "Phonetic Keys to Reading Theory".

This system is being put to use this year in the first three grades of the Frankfort school.

FRANKFORT

Mrs. Katharine Hiesner
Frankfort 5187

Relatives helped Mrs. William Rahm celebrate her birthday by gathering in her home Aug. 18. Those present were Mr. and Mrs. Sherrill Rahm and family, Mr. and Mrs. Franklin Christian and son Roger, Mr. and Mrs. Homer Smith, Miss Norma Smith, Ronny and Robert and Mr. and Mrs. Oran Diest and family, all of Frankfort; also Mr. and Mrs. Jerry Hossbach and Mr. and Mrs. Vernon Englehard and son Jerry of Peotone; Mr. and Mrs. Emil Diest of Wilmington, Mrs. Margaret Jarchow and Mr. and Mrs. Arthur Benson and Albert Jarchow of Mokena.

Politicoes Begin Job of Feeling Public Pulse

With 1958 and its primary and general elections just around the corner, so to speak, some political observers are warming up their ouija boards and crystal balls preparatory to embarking on predictions and forecasts.

It is early yet for formal announcement of candidacies but not too soon for trial balloon ascensions. Fairs and plowing matches have furnished fertile fields for the office-minded and with the church and club supper season about to open, the fall and winter—if one be permitted to use a metaphor meteorologically out of tune is a fine time in which to make hay. Not a bad time for mending political fences either so one may expect to hear this one and then that one mentioned for this or that office.

In most of the county offices to be filled next year incumbents are expected to be candidates but there are two who cannot succeed themselves—sheriff and treasurer. The law does not permit this.

There has not been much talk

Farewell Party at Mokena Tonight for Baptist Pastor

A farewell party for the Rev. Arthur Contois, pastor of the Park View Baptist church, LaPorte Road and Scott st., Mokena, is being held tonight, Thursday, Sept. 5, in the church at 7:30 p.m.

The committee in charge invites everyone to attend and enjoy the fellowship in his honor. Refreshments will be served.

The Rev. Contois has served the church since it was organized three years ago. He plans to return to divinity school to obtain another degree, but in the meantime will be a teacher in Carl Sandburg High school.

about the sheriff's post but the one name that is most often heard as a probable on the Republican ticket is Walter McKay of Joliet, present chief deputy. McKay, who was with the E. J. & E. railroad before becoming chief deputy, has had considerable experience in the work of the sheriff's office. He had worked as a part-time staff deputy for previous administrations before becoming chief deputy under Sheriff Roy C. Doerfler.

Doerfler, incidentally, and Howard R. Gierich, both of Joliet, and both Republicans, have been mentioned as possible candidates for county treasurer.

Expect Incumbents to Run

Doerfler is well known throughout the county and received a big vote when he was elected sheriff.

Gierich is a deputy treasurer and has been employed in the treasurer's office for many years.

County Treasurer Floyd Krapf, of Green Garden, is mentioned as a possible candidate for the Republican nomination for county clerk, a post held by Joseph Hartley.

Hartley, of course, is expected to be a candidate for re-election in the Republican primary as are the other incumbents whose terms will expire in 1958, County Judge John C. Cowing, Probate Judge Stewart C. H. Hutchison and Probate Clerk E. B. Workman.

Officers to be elected in Will county next year are sheriff, treasurer, county judge, probate judge, county clerk and probate clerk.

Scheel Appointment To Port Body Gets Board Approval

Fred Scheel, New Lenox farm owner and retired utility executive, is a member of the Joliet Regional Port Authority now by virtue of formal certification by the Will county board of supervisors.

Mr. Scheel was appointed to firemen, policemen and teachers the law creating it had been signed by Gov. Stratton. The governor appointed Scheel on recommendation of County chairman Meade Baltz but official certification of the appointment was not forthcoming from the board of supervisors until last week.

The Joliet Port Authority will

have power to regulate use of the Illinois deep waterway for a considerable stretch of that channel insofar as the locating of docks, warehouses and other facilities indirectly serving the needs of the public.

The one thing that Joliet residents hope the Authority can do is to halt the indiscriminate opening of bridges during peak traffic periods.

Worry is to life and progress, what sand is to the bearings of perfect engines.

—Roger W. Babson

The truest greatness lies in being kind; the truest wisdom in a happy mind.

Former Tinley Park Couple Greet Friends on 50th Anniversary

Mr. and Mrs. P. M. Wannemacher

Mr. and Mrs. Peter M. Wannemacher of Manning, N. D. celebrated their 50th wedding anniversary there with a reception for 125 relatives and friends in St. John Lutheran church on August 11.

Mr. and Mrs. Wannemacher (Mary Siebrandt) were united in marriage on a farm near Tinley Park, the home of the groom on Aug. 11, 1907. The following year they homesteaded in North Dakota, making their home on a farm near what is now the city of Manning.

They have four children, Mrs. Glenn Williams of Butterfield, Minnesota; Wilbert of Bismarck; Raymond and Carl of Manning, North Dakota and nine grandchildren.

Preceding the reception a family dinner was held for 63 relatives, 16 of which came from Illinois.

Pastor of the St. John Lutheran church, the Rev. L. G. Sailer spoke at the reception. Mrs. Sailer provided several musical selections.

Mr. and Mrs. Arthur Liebelt Jr. Honeymooning In California

Wearing a floor length gown of duchess taffeta, Donna Schenkel, daughter of Mr. and Mrs. Edward Schenkel, of Mokena, became the bride of Arthur Liebelt Jr., son of Mr. and Mrs. Arthur Liebelt Sr., of Chicago, on Aug. 24.

The wedding was held in St. John's United church, Mokena, with the Rev. William Riemann officiating.

The full skirt of wide unpressed pleats of the bride's gown swept into a wide rounded train. A tiny rounded self-collar, tapered wrist length sleeves and fitted bodice were attractive features of the gown. Her veil of French illusion net was fastened in a Juliet type cap of taffeta and lace encrusted with seed pearls.

The maid of honor, Miss Mary Ellen Allison, and two bridesmaids, Rosalin Liebelt and Beverly Allison, were identically attired in waltz length gowns of autumn mauve crystalette with V-neck and pleated back detail. Their wide brimmed hats of nylon horse hair were attached to circlets of tiny flowers. The flower girl, Aura Lynn Spiess, was similarly attired. She carried a Bo-Peep basket of rose petals decorated with pink and yellow ribbons.

Best man was Richard Soder and groomsmen were Robert Newman and Gerald Czajka. The ring bearer was Michael Spiess.

Mrs. Schenkel, mother of the bride, wore a gown of aqua crystal satin, embroidered in a floral motif. Mrs. Liebelt, mother of the groom, wore a gown of cornflower blue lace accented with rhinestones.

At the reception in the VFW hall in Mokena, cake cutters were Mrs. Ivar Johnson and Mrs. Richard Soder.

The young couple is spending a 3-week honeymoon in California.

Some Vinegars Don't Know Their Own Strength

Vinegars are as different as the foods they season. Cider, distilled white, tarragon and malt vinegars are made for specific purposes and should be used accordingly, says, Mrs. Dorothy McIvor, University of Illinois foods specialist.

Cider vinegar, the all-purpose vinegar, is a favorite for salads and salad dressings. Altho you can substitute it for distilled white in preserving fruits and vegetables, it sometimes darkens the color of the foods or causes shriveling.

Distilled white is absolutely pure and is the best vinegar for pickling and preserving. It has a delicate aroma which accents the true flavor of foods without overpowering them.

Tarragon vinegar, seasoned with herbs, is considered an epicurean vinegar. It should be used sparingly for its flavor is prominent. You can use it in French or sour cream dressings, or in fish or meat sauces. You may also want to substitute it for cider vinegar in meat, fish or egg salads.

Malt is considered by many to be the finest vinegar. Its rich, full-bodied flavor is an excellent complement for hearty salads of meat, seafoods or macaroni. It peeps up many fish and meat sauces. However, it too should be used carefully to retain the flavor of the original food.

Whether you be man or woman you will never do anything in this world without courage. It is the greatest quality of the mind next to honor.

—James L. Allen

When prosperity comes, do not use all of it.

Woman's Club at Frankfort to Tour Glenwood School

Thru the efforts of Arthur Lambrecht of Frankfort, who is the music director at the Glenwood School for Boys, the Frankfort Woman's club will be escorted thru the school in all its phases, Thursday, Sept. 19.

Before the group tours the homes, shops and campus, they will be served dinner in the school dining room.

At the conclusion of the tour they will gather for a short business meeting conducted by the

president, Mrs. Joseph Petnuch.

Women's Exercise Group at Tinley To Meet Sept. 12

The Women's Exercise group in Tinley Park will meet Thursday, Sept. 12, in the Bert Fulton school gymnasium at 8 p.m. Women of any size, shape or age are welcome to attend.

There is a small registration fee. Further information may be obtained by calling KELlogg 2-4177. Anyone interested in joining the volley ball group may receive information and time of games by calling KELlogg 2-4234.

3rd District, IFWC, to Hold Idea Exchange

The Third District, Illinois Federation of Women's clubs, will hold its annual fall round table session on Tuesday, Sept. 24, at Ridge Park Field house, 96th and Longwood Drive, from 10 a.m. until 12 noon. Arrangements are being made by Mrs. Clarence Jansen, 12402 S. 72 ct. Palos Heights, acting first vice president of the district.

The discussions will be conducted by the president, Mrs. Edward M. Durkee, 10401 S. Artesian ave., Chicago and the district chairmen to inform the local club presidents and departmental chairmen of the plans of the district, state and General Federation of Women's clubs for the ensuing year and to promote an exchange of ideas among chairmen.

The Former Presidents' club will serve a salad bar luncheon in the library. Luncheon tickets can be purchased at the door or a reservation can be made with Mrs. W. D. Lear, 3436 W. 66th st., Chicago, 29.

Tinley Garden Club Has Decorated Boat In Festival Parade

The Tinley Park Garden club participated in the Fall Festival parade with a float, which was a decorated boat and symbolized "Sailing Along After 30 Years." The newly painted boat was loaned by Edmund Moss.

Miss Janice Swisher and Miss Kathleen Welsh, two pretty and petite young ladies who were seated fore and aft, thoroly enjoyed the "cruise".

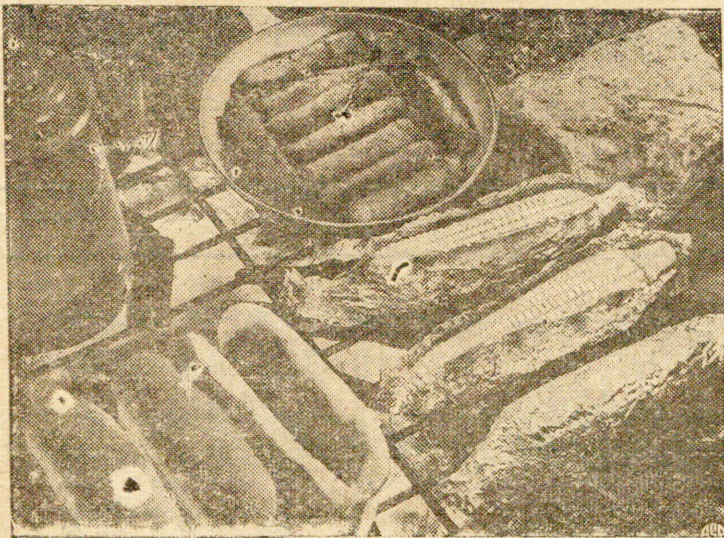

A basket of pink gladioli, a gift of the club president, Mrs. Bob Memhard, was in the center of the boat.

The craft was trimmed in yellow, the work of Mrs. Edmund Moss. The sign was painted by Edwin G. Hug.

Worry is interest paid on trouble before it falls due.

—Dean Inge

Land a Favorite with Hungry Anglers

Want a campfire meal that cooks in jig time? When you do, serve Barbecued Fish Sticks in Buns. Hungry picnickers, or anglers, will choose fish in the pan to casting for an uncertain catch. These precooked fish sticks, popular for outdoor cooking, are purchased cut to size.

Prepared as Barbecued Fish Sticks, everyone sniffs in anticipation as the aroma of this savory dish blends with the scent of hickory coals. The barbecue sauce, made in advance, is heated in a skillet until it bubbles merrily. The fish sticks are added and allowed to just heat. For easy out-of-hand eating, place the "sticks" between buttered, split bakers' buns or slices of enriched bread. Roast fresh corn on the cob, which has been seasoned, buttered and wrapped in aluminum foil and served as the vegetable.

Barbecued Fish Sticks in Buns

- | | |
|---|---|
| 2 tablespoons butter or margarine | $\frac{7}{8}$ cup or 1 (8-ounce) can tomato sauce |
| $\frac{1}{4}$ cup finely chopped onion | $\frac{1}{4}$ cup lemon juice |
| $\frac{1}{2}$ cup finely chopped celery | 1 package frozen, precooked fish sticks |
| $\frac{1}{4}$ teaspoon thyme | 5 sliced frankfurter buns |
| $\frac{1}{4}$ teaspoon rosemary | |

Melt butter in a small skillet. Add onion and celery and saute until tender. Blend in thyme, rosemary, tomato sauce and lemon juice. Simmer for 30 minutes. When thick, pour sauce into jar with tight cover. At picnic site, put sauce and fish sticks in small skillet. Heat through. To serve: Place 2 fish sticks and a little lemon barbecue sauce between bun halves.

Yield: 5 Barbecued Fish Sticks in Buns

Midget Auto Racing Heads Into Final Lap

Midget auto racing heads into the final month Saturday night at Joliet Memorial Stadium, and some of the track's "also-rans" will be trying desperately to salvage at least one feature race victory.

While Bob Tattersall of Streator, Willie Wildhaber of Lexington, and George Sellery of Chicago have been monopolizing the main events, others have given indication they could take over the laurels.

Sellery, with three feature wins; Wildhaber, also with three; and Tattersall, who has won six rank one-two-three in the point standings listed by the United Auto Racing association.

Aiming to get into the winner's circle for the first time will be such as Mike King of Evanston, Walt Wieneke of Libertyville, Johnny Riva of Morton Grove, Phil Palombo of Hillside and Jolietans Bernie Wilhelm, Bill Barnes, Sam Robinson and Bob Hauck.

Included on Saturday's program will be four heat races, a handicap event, 15 lap semifeature and 25 lap feature. Time trials start at 7:30 p.m. and the first race at 8:30 p.m.

Tinley Keglers Enter Classic Loop at Heights

The North American Mushroom Company, of Tinley Park, is sponsoring a bowling team in the Olympia Lanes Classic for the 1957-58 season.

Team players and their last year's averages are: Eric Nasebandt, 177; John Unzicker, 182; Joe Kraman, 173; Herman Schiefelbein, 178; all of Tinley Park, and Don Zimmerman, 188 of Beacher, for a total team average of 898.

This is the first time a team from this area has been entered in this Classic league.

They will start bowling on Friday nights at 9:15 p.m. Sept. 6, in the Olympia Lanes, Chicago Heights.

Zimmerman finished fifth in the A.B.C. All Events Tourney in Forth Worth, Texas this year.

Oil Products Demonstration

When a Miss Evelyn Diedrich of Joliet appears at a meeting of the Prima African club and their invited guests at Homer church Tuesday, Sept. 17 at 9:30 a. m., she will be dressed completely in Oil Products and will open a "Magic Suitcase" displaying many wonderful things derived from oil.

In addition to discussing the unusual and varied petroleum products which play vital roles in life of every American woman, she will demonstrate the latest thing in selective dyeing, showing that cloth can be dyed red, white and blue in one bowl; she will discuss "bouncing squeeze bottles," flame resistant fabrics needing no pressing and a host of other new oil products.

Mrs. Charles Carr of Joliet is chairman of the program committee of the sponsoring club and Mrs. Reed Burch of Homer road and Mrs. John Solley of Lockport are hostesses for the day.

—O—

The teachers of Dist. 33C met with Supt. Vernon Crackel at Hadley school last Monday morning to make final arrangements for opening school for what will doubtless be the last time in Homer's five one room schools. Clerk Ray Carlson was also present. The teachers who will be in charge this fall are Mrs. Honora Lahman, Mrs. Gladys Jensen, Mrs. Henry Rodgers, Mrs. Mary K. Baltz, Mrs. Angelo DePra and Mrs. Harvey Ingersoll. All except Mrs. Ingersoll expect to teach in the new consolidated school on Homer road when it is ready for occupancy. Mrs. Ingersoll is substituting in the lower grades at Hadley.

Mr. and Mrs. Guy Bump have returned from a 10 day trip to Kansas and Indiana where they visited relatives. They accompanied her brother and sister in law, Mr. and Mrs. Harry Benham of Versailles, Ind., to Kansas then returned to the Benham home for a few days, and on Wednesday, the Benhams and Mrs. Guy Tucker, a sister, of Osgood, Ind., were guests in the Bump home, returning to Indiana Thursday morning.

The Clarence Rowley family, including their guests, Mr. and Mrs. Laverne Kaspar and Beverley, have been ill with the flu. All have recovered and the Kaspars left for their California home Saturday morning.

Stewart Reiter will again be enrolled as an Ag. student at U. of Illinois when college opens in September. Ralph Benck will return to Lincoln, Nebr., as part time instructor and student. Walter Boyce will be in Blackburn college for another year.

Walter Konow spent a few days last week in Silver Cross hospital for medical treatment. The Clarence Rowleys have a new great grandson, born Monday, Aug. 26, in Silver Cross hospital to Mr. and Mrs. William Langlois of Lockport. Mrs. Langlois is the former Francis Ott. The baby is the second boy in the family and has been named Danny Arthur. Wednesday evening, Mr. and Mrs. Rowley entertained their children and some of their grandchildren at "Bit O'Sweet" restaurant near Aurora in honor of the Laverne Kaspar family.

LOVING YOU—Elvis Presley and his guitar are the main attractions Sunday, Monday, and Tuesday, when the Hill Top Drive-In theatre presents "Loving You". Co-stars are Elizabeth Scott, Wendell Cory. Film is in CinemaScope and Color.

Judy West, daughter of Mr. and Mrs. John West, Farrell road, cut her face severely Monday when she tripped and fell as she was carrying some pop bottles to the family car at the National store in Lockport. Eleven stitches were required to close the wound from a broken bottle.

The Violette club of Naperville have invited the Prima African Violet club to attend a lecture illustrating slides which has been especially prepared by John Richter, well known breeder and shipper of this lovely flower. The date of the event is Sept. 5, at 8 p. m. in the E.U.B. church at Naperville.

Members of the Prima club will display a table setting Sept. 5 at the Manhattan flower show in Sportsmen's hall, Manhattan. Mrs. William Drake and Mrs. Charles Carr are in charge.

Mr. and Mrs. Roy Chaplin have moved from their home on S. Parker road to Naperville where a son also resides. Mr. and Mrs. Walter Volz are living in the Chaplin house.

Mrs. H. M. Finley and Bobby accompanied by Mrs. Charles Goss of Lockport, motored to Pinckneyville last Tuesday to visit Mrs. Adella Paddock of California who is a guest of her daughter, Mrs. Charles Geaumalley. The three returned to Lockport on Thursday.

Tinley Personals

Donald Carlson, airman first class, has returned to the Ellsworth Air Force base in South Dakota. Donald, who has been home on leave for the past month, is the son of Mr. and Mrs. Milton Carlson, 16921 Sayre ave.

Visitors at the John Szaton home during the past week have been Robert Lewis and his son Meredith of Charles City, Iowa. Mr. Lewis is a brother of Mrs. Szaton. The Szaton's daughter, Marcia has returned home after attending summer school in Colorado Springs.

Mr. and Mrs. Max Hamilton and son, Stewart recently returned from a delightful vacation spent in the Pacific northwest. They visited the Black Hills, Yellowstone Park, Grand Coulee Dam, through the state of Washington, stopping at Portland, Oregon.

Mr. and Mrs. James Montgomery of 6501 Ravinia drive have moved to Jacksonville, Fla.

million bushels produced in 1942. (California, North Dakota, and Montana are the big 3 in barley growing. Soil bank money boosted the acreage of barley.)

Sorghum grain way, way up. The production of sorghum grain is forecast at 418 million bushels. This output is a new record high, more than double last year's output, and more than 2½ time the 10-year average. (Texas and Kansas are the big 2 in sorghum grain production. Soil bank money paid for increases in the acreage of sorghum grain.)

Soybeans. The 1957 soybean crop is forecast at 428 million bushels. This would be the first crop in 4 years not to set a new record. It would be 6 per cent less than the official preliminary estimate of the 1956 crop made last December, but that estimate is likely to be scaled down 3 or 4 per cent when final figures are set next December. Thus if the 1957 crop improves a little it may well be nearly as large as the 1956 crop. There will be only a few million bush-

Crop Prospects Show Marked Improvements

By L. H. SIMERL

The nation's crop prospects improved considerably in July, and further gains were made in early August. The all-crop production index on August 1 stood at 103, only 3 points below the record of 106 reached last year.

The prospective production of total feed grains is about equal to last year's tonnage. Larger crops of oats, barley, and sorghum grains are offsetting the cut in corn output.

Corn Down. The corn crop came along very fast after a late start in many areas. As of August 1 the corn crop was estimated at 3,066 million bushels. This estimate is 2 per cent more than the July forecast, but 11 per cent below last year, and 2 per cent below the 10-year average. Crop and weather reports in the first half of August indicates further improvement in the crop. (Illinois, Indiana, and Missouri suffered the greatest cuts in corn.)

Oats, Barley Production Up
Oats up. The oats crop is estimated at 1,361 million bushels, 18 per cent more than last year, and 3 per cent more than average. (Iowa and South Dakota have bumper crops.)

Barley way up. Barley production is forecast at 432 million bushels. This is 16 per cent more than last year, 48 per cent more than average, and would exceed the previous record crop of 429

IT WAS THE ZERO HOUR...

You had everything planned. You wouldn't get excited. Just take things in stride. So of course you went to pieces when your wife said, "Honey, I think it's time."

One thing you didn't forget, however. The telephone. Made you feel better just knowing it was there. Soon, everything was under control. A call to the doctor. A call to the hospital. And later, calls to friends and relatives with the happy news—"Mother and son doing fine!"

Now, more than ever, you're convinced. Life wouldn't be the same without the telephone.

Read 1 Thessalonians 1:1-10.
Remembering before our God and Father your work of faith and labor of love and steadfastness of hope in our Lord Jesus Christ. (1 Thessalonians 1:3. RSV.)

A Christian young man visited village on Sunday to teach the Bible to Zulu children. He had a handful of boys and girls at first. Gradually he not only had a big group of boys and girls, but of older people as well. They were very eager to learn. As a result, a church was built and services regularly held. Finally a school was also built.

There are many such instances among our Zulu people, thanks to many servants of God. Their labors of love have been manifested in many hills and valleys in this southern Africa for the salvation of Africans.

There are still many souls that are lost. We need Christian young men and women in our midst to labor among us in the spirit of Christ. Who will come to us?

PRAYER

Our heavenly Father, help us to be so filled with Thy love that we will go out to preach Thy gospel. Use us to help other persons to be filled with Thy love. In the name of Jesus, who taught us to pray, "Our Father who are in heaven . . . Amen."

THOUGHT FOR THE DAY

"Pray ye therefore the Lord of the harvest, that he send forth laborers into his harvest."

Special Speaker On Program at Bible Church

The Rev. Ernest Pickering, national executive secretary of the Independent Fundamental Churches of America and editor in chief of "Voice", official magazine of the movement, is to speak at the Orland Park Bible church, Route 6 and 7, this Sunday, Sept. 8.

He will speak at the morning service at 10:45 and at the evening service at 7:30 o'clock. The Rev. L. R. Reeser, pastor of the Orland church, invites the public to attend. The congregation includes people from Lockport and the surrounding area.

The Rev. Mr. Pickering is a native of Florida but resides now at Cicero. He holds a B. A. degree from Bob Jones university, and the Th. M. and Th. D. degrees from the Dallas Theological seminary at Dallas, Texas. He also has served as pastor

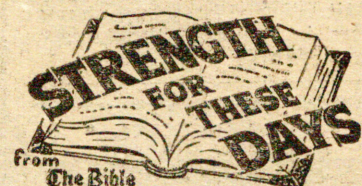

The Rev. Mr. Pickering

of the Moore Bible church at Moore, Okla., Faith Chapel, Colorado City, Tex., and the Maranatha Bible church of New Kensington, Pa. He also has engaged in extensive evangelistic ministry, principally in the eastern portion of the country.

There are more than 650 churches in the IFCA movement in the United States, the Rev. Mr. Reeser said, of which the church at Orland is one. The IFCA also includes within its membership several hundred foreign and home missionaries, educators, evangelists and other Christian workers, he added.

The IFCA, the Rev. Mr. Reeser said, is engaged in several fields of activity, including the establishment of new churches, the endorsement of chaplains, the production of literature explaining and defending the independent position and the promotion of youth work.

As an organization, the pastor said, the IFCA provides a medium of fellowship and co-operative effort for independent churches not related to any denomination.

I will give thanks to the Lord with my whole heart.—(Psalm 9, 1.)

Thanking God for His abundant, bountiful blessings is not a matter of a formal few moments or even of hours. It is thanking Him every moment that we breathe, by every thought and act and word—it is by living each moment as we know in our hearts. He wants us to live: filled with consciousness of His presence within us. That is thanking Him with a whole heart.

"THE RIGHT TO KNOW"

Freedom of the press is a basic freedom. It is the mainstay of all the other freedoms. Yet there has been a growing fear that this freedom is in danger, because of governmental restrictions on the movement of the press to sources of information both in this country and abroad, because of the withholding of information to which the public and the press which serves it has a right to know, and because of proposed punitive regulations aimed at newspapers and other publications.

The American Society of Newspaper Editors has now issued a Declaration of Principles. This states: "The American people have the right to know, as the heirs of Magna Charta, the inheritors of the privileges and immunities of the English Common Law and the beneficiaries of the freedoms and liberties guaranteed them by the Constitution and the Bill of Rights of the United States.

"To exercise this right citizens must be able to gather information at home or abroad, except where military necessity plainly prevents; they must find it possible to publish or relate otherwise the information thus acquired without prior restraint or censorship by government; they must be free to declare or print it without fear of punishment not in accord with due process; they must possess the means of using or squiring implements of publication; they should have freedom to distribute and disseminate without obstruction by government or by their fellow citizens."

The Society has pledged itself to resist by every appropriate means every encroachment upon the people's right to know.

GRASS ROOTS OPINION

El Dorado, Kan., Times: "A few years ago, the biggest prevailing worry was over the possibility of another depression. The situation has radically changed. Today the most potent fear concerns inflation."

Jeffersontown, Ky., Jeffersonian: "President Eisenhower told the Conference of Governors at Williamsburg they shouldn't pass their state problems on to the Federals in Washington. And, in majority, they seemed to agree with him. And if they passed fewer problems up to Washington he would have less difficulty in cutting the national budget. The states could obtain more tax money to care for their own needs."

Mount Pleasant, Pa., Journal: "There is no politics in heaven," says an evangelist. Of course there isn't. There can't be any politics where there aren't any politicians."

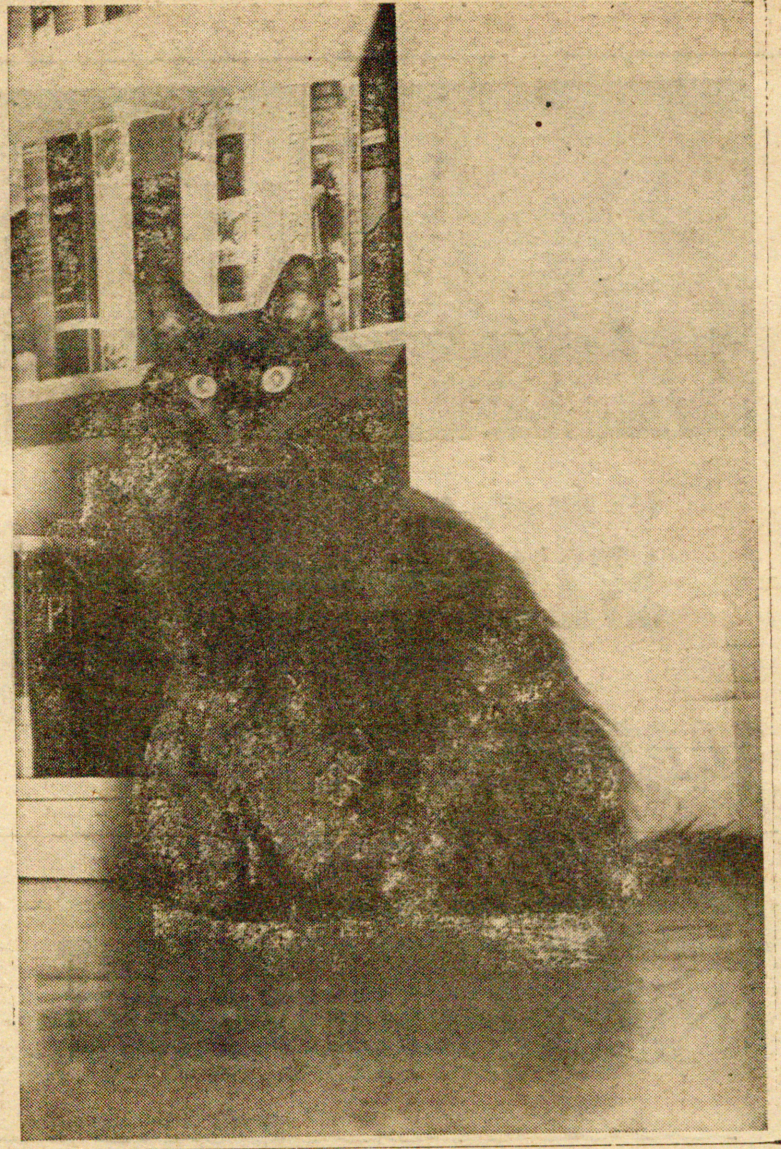

Orang Grove, Texas, Observer: "Expecting our country to move ahead without the chance for a fair profit is like expecting an automobile to run without fuel."

New Cambria, Mo., Leader: "Reliance on government is more than an insidious disease. It is the robbing of men, first of their initiative and finally of their freedom. 'Whose beard I eat, his song I sing,' comes to us today as a warning proverb from the England of long ago when men were fighting."

Lambertville, N. J., Beacon: "... We are dealing in 48 cent dollars today. That means that for every dollar we paid for life insurance during the past few years, every dollar we paid on a mortgage and every dollar we put in the bank is really worth less today than half of what we paid out."

ONLY 56 MORE DAYS 'TIL HALLOWEEN—and that's not too long if one plans to make a production of it. Of course, when Photographer Smith took these pictures he wasn't thinking of Halloween. He went to Art's Truck Stop at 159th and Wolf road to take a picture of the first ripe pumpkin reported in the area and found that someone with artistic leanings had made free with the specimen. The cat, which is black as the proverbial spade ace, is the pet of Mrs. Helen Sandidge, a Tinley Park school teacher. He wandered into the room while Mr. Smith was making a picture of Mrs. Sandidge and appeared quite pleased when the lens was swung in his direction. Presented with a decorated pumpkin, a black cat and the fact that October is just around a corner what could an harrassed photo editor do but to put them together and cry—Halloween! (Marvin Smith photo)

GREEN GARDEN

Mrs. Katharine Heisner
Frankfort 5187

The Green Garden Home Bureau will meet at the home of Mrs. Earl Bettenhausen Friday, Sept. 13 at 1:45 p.m. Election of officers will be held. The major lesson will be given by the Home Advisor, Mrs. Betty Schinn. The topic will be, "Heart of the Home."

Mrs. Clarence Johnson will be hostess to the Jolly Nine club in her home Sept. 4.

The Methodist Youth Fellowship will meet at the home of Mrs. David Dralle Sept. 4, at 7:30 p.m. at which time a business meeting will be conducted.

The WSCS will meet Wednesday, Sept. 11 in the Methodist church beginning with dessert-coffee at 1:30 p.m. Hostesses will be Mrs. Elmer Morrison, Miss Emma Andres and Mrs. Clayton Davis. Mrs. Alfred Krapf, Mrs. Emil Andres and Mrs. Walter Kopman will be in charge of the devotions and the program which will be entitled, "Mission Cinerama."

Tinley Personals

The William Funks entertained the Rev. and Mrs. Henry Luedke and Mrs. Rose Luedke of Nebr., Wednesday. Mrs. Rose Luedke is a sister-in-law of Mrs. Funk.

The Joseph Farquhar and Lowell Farquhar families attended the Farquhar family reunion at Gransburg, Ill., on Labor Day.

Mr. and Mrs. John Manning have returned from an enjoyable vacation in Walnut Ridge, Ark., visiting relatives. They spent a few days at Hot Springs and Little Rock.

Mr. and Mrs. Lawrence F. Dillon of Chicago were Sunday guests of Mr. and Mrs. A. R. Douglas of Harlem ave. Mr. Dillon is Mrs. Douglas' brother.

Diane Manning, daughter of Mr. and Mrs. John Manning, received a severe gash in her heel when she stepped on broken glass, which necessitated having four stitches taken. The injury occurred following their re-

turn home from their vacation last Friday.

Cathy and Diane, daughters of Mr. and Mrs. Glen Lewis, spent a week visiting their grandparents, Mr. and Mrs. Theodore Smith at Marseilles.

Richard Puffer, son of Mr. and Mrs. Verne Puffer of Tinley Park left today via plane for St. Petersburg, Fla., where he will attend the Admiral Farragut academy. Mrs. Walter Wehr entertained a group of boys and girls from Tinley Park Aug. 28 as a farewell party at which time he was presented with a piece of luggage. His parents entertained the family and friends last Sunday at the Tinley Creek woods. His many friends wish him well.

The Joseph Cannon family spent a portion of their vacation at Ludington, Mich., relaxing and having an enjoyable time.

Mr. and Mrs. Robert Vander Meer and family vacationed for several weeks in Minnesota where they enjoyed fishing, golfing, and all the other vacation sports.

I prefer to strive in bravery with the bravest, rather than in wealth with the richest, or in greed with the greediest.

—Marcus Caro

We never know what ripples of healing was set in motion by simply smiling on one another.

—Henry Drummond

ENTER NURSING SCHOOL—Two sets of twins enrolled in the Silver Cross hospital School of Nursing this fall, and one pair is from New Lenox, Janet and Judith Feil, who graduated from Lincoln-Way high school last June. Counting the Gustafson twins, Janet and

Janice, of Joliet, who entered the nurses' school last year there are now three sets of twins there. The Gustafson twins acted as Big Sisters for the incoming twins and in this picture, (l to r) is Janice Gustafson, Janice Gustafson, Janice and Judith Feil.

Will County ASC Calls Community Committee Election for Sept. 9

A. A. Wicklein, chairman Will county agricultural stabilization and conservation committee election board, announced today that community committee election boards have been selected for all communities in the county. Committeemen elected will take office Oct. 1, and will serve until elections are held next year.

"This year community elections will be held by meetings, Sept. 9, 1957," chairman Wicklein stated. Some of the meeting places are:

DuPage-Lockport, DuPage Implement Co. N. of 66 on Naperville rd., DuPage township, 1 to 3 pm.

Frankfort Green Garden, Green Garden town hall, 7 to 9 pm.

Homer New Lenox, Ray Carlson's Farm on N. Cedar rd., 1st house on W. side of road, N. of Rt. 66, 1 to 5 pm.

Manhattan, Manhattan Grain office, 8 to 9 pm.

In order to be eligible to vote in the community committee elections, a person must have an interest in a farm in the community as owner, tenant or sharecropper, must be participating in the agricultural conservation program, or carrying out on his farm one of the eligible practices covered by that program, or be eligible for price support on one or more agricultural commodities he produces, or be eligible for a payment under the sugar program.

The chairman pointed out that this is the farmers' opportunity to participate in choosing the men who will administer the price support, crop allotment and quota, agricultural conservation, sugar, acreage reserve and conservation reserve programs during the coming year.

Bees In Wall Bother Prospective Tenant

Before Herbert Woodcock moves into a farm home in Green Garden township a mile east of U. S. 45 and a mile south of the Miller school, he hopes to rid the premises of a swarm of bees.

The bees are in one of the walls and are said to have been there long enough to have filled up a quantity of honey. Woodcock is seeking some beekeeper to eliminate the creatures.

THIS WEEK -In Washington

CLINTON DAVIDSON

Democratic leaders casting about for a presidential candidate in 1960 have put Texas rancher Lyndon Baines Johnson near the top of their "shopping list." He is available.

Better known as Senator Johnson, the majority leader in the senate, he sometimes is called "Mr. Congress." His leadership in congress has stamped him as potential presidential timber.

During the first session of the 85th Congress Sen. Johnson increased his political stature in keeping with his broad-shouldered 6 ft. 3½ in. frame, to establish his place as the No. 2 man in Washington, out-ranked only by President Eisenhower.

Most of the time he worked to carry out legislative programs advanced by President Eisenhower, but he did not hesitate to oppose the President on issues where there was a difference of opinion as in the civil rights battle.

Man of Power

Johnson's ranking as the second most powerful man in government stems from his own abilities, plus his position as majority leader, and chairman of the important Democratic steering committees.

When Johnson gave a bill his approval the odds were it would pass, but if he opposed a bill its chances were slim. He came as close as any one man could of being Mr. Congress.

What sort of man is he, what are his interests, how does he think and operate? Will he one day be President of the United States? The answers could sway the future of the world.

Johnson, just one week past 48, is a quiet, unassuming man—by Texas standard. The force of his character and ability lies deep, rather than on the surface. He is a forceful speaker, but not an orator of the William Jennings Bryan order.

In Washington he has few

interests other than his family and the Senate. He and Mrs. Johnson (he calls her Lady Bird) attend a minimum of social functions. "No time," he explains.

Goes Native at Home

He dresses conservatively in Washington, but on his ranch near Johnson City (pop. 683) he goes native Texan with a flair for bright colors. His pride and joy is his herd of white face Herefords.

Johnson first came to Washington in the nineteen-thirties as Secretary to Rep. Richard Kleberg, owner of King Ranch. I met him in his congressional office in 1937, shortly after his first election to the house. He was then only 28 years old and he exuded energy from every pore. After five 2-year terms and one special term in the house, he was elected to the senate in 1948 and re-elected in 1955. He is a member of the armed services and appropriations committees.

His work-day starts at 7:30 a.m., with a breakfast of fruit and tea or sanku, with dried milk added, and ends somewhere around midnight when he goes home to dinner. In between time he grabs a ham-

burger, a bowl of soup or a cantaloupe.

His entrance at his office is the signal for a staff conference to discuss his schedule and plans for the day. He is nearly always on the floor of the senate, but seldom makes a speech.

His is one of the busiest telephones in Washington. He averages 30 to 40 out-going and in coming calls a day. He is included in most White House conferences on legislative problems.

PRIORITIES—

(Continued from page 1)
years of age.

All others are to be inoculated as the serum becomes available, it was explained.

All physicians will be asked to adhere to this priority list, it was emphasized. They will be issued only enough vaccine to handle patients on the basis and the public is asked to refrain from deluging doctors with calls seeking to be on a "preferred list." Depending on how much vaccine is available, doctors may not be able to inject their own wives or families at the early stages.

Immunity in Two Weeks

Authorities state immunity is achieved in two weeks with the vaccine and expressed the hope that sufficient vaccine would be available by fall for all those

It has been pointed out by medical authorities that there is no side re-action to the inoculation. There is a stinging sensation when the injection is made and only a mild superficial re-action for a 24-hour period.

For the time being, only one shot or inoculation is considered necessary, it was explained. The serum consists of raw egg and persons who are allergic to eggs should mention this fact to the attending physician. If this is not done, a patient may suffer severe re-action, authorities warned.

Inoculating Military

One of the reasons that the supply is so limited is its great demand by the military forces. All military personnel is being inoculated, it was noted. Considerable time is needed to manufacture the vaccine, is another reason given for its limited supply.

It has been explained by medical authorities that the flu itself is not dangerous, but it weakens those afflicted and makes them susceptible to other diseases. This was true in the epidemic of 1918. The flu itself was not the killer, but it was the flu complications that resulted in the thousands of deaths.

The Asian flu is a virus—one that the medical profession is not familiar with. Authorities state it begins abruptly. Victims feel lassitude, weakness, chills, severe muscular pain, headache, a fever of from 101 to 103, nausea, vomiting, sore throat and a cough.

If there are not complications, the flu germ will run its course in from five to seven days, it was said.

The entire medical profession, the public health department and the government are working hand in hand to be prepared for the Asian flu and to try to keep the disease at a minimum.

JOLIETAN DIES—

(Continued from page 1)

Driver of the other car was Robert L. Vanalstine, 67, of Otumwa, Ia. He and his wife were shaken up, according to state police, but apparently escaped injury. They were the only occupants of the car.

Skidded Over Line

According to the report two east bound cars were halted on the highway preparatory to making a left turn. When Vanalstine tried to stop to avoid running into the halted cars his machine skidded across the line and the right front caught the left rear of the Delrose car.

Identity of the drivers of the two cars halted on the highway was not ascertained.

The National Safety Council had predicted that the Labor Day week-end would claim 420 lives in traffic crashes in the nation. The actual number passed the 440 mark. Also over the holiday there were 93 drownings and 96 deaths from miscellaneous causes, including 24 in private plant accidents.

Toll Passes 440

A three-day week-end period taken during August, under what is known as normal conditions showed 398 automobile fatalities in the nation. It was pointed out that possibly the number of traffic deaths in holiday periods in actuality is not much greater than any other period.

The services that compile the number of fatalities in the nation make a greater effort to get all the figures over a holiday than they do in a normal

MOKENA TRUSTEES ACT—

(Continued from Page 1)

board that the piping work in the disposal plant would be done by Poehner and Dillman of Joliet and the electrical work by the Norris Electric Co., also of Joliet. The Lindblad company is now completing a big contract for General Refractories at Joliet.

The Lindblad Co., said it was prepared to begin work on the Mokena project within a week after the conditions under which the contract has been let have been met, which is to say the bonds have been sold to finance the program.

Saxton said that it would take approximately 270 days to complete the sewer system.

The Mokena board reported that more property owners are signing up for sewer service and are hopeful this phase of the project will be completed within the next two weeks.

The bond houses who are expected to purchase the bonds have asked the village to get property owners to sign an agreement to use the sewer and water system. Each signer is required to post a \$10 deposit to show that the application and signature are bonafide. The deposit will be returned later.

Will Put Cost On File

When the necessary number of signatures are in and the bonds are sold the contracts will be put in force. Before the contracts are put in force, however, they must be approved by the Federal Public Health Service because of \$69,000 grant allotted by the government to aid in construction of the sewage disposal plant.

Property owners will mark the point where they want the service spots to enter their lots.

Engineer Hamilton will file a detailed estimate of all costs of the program in the office of County Clerk Joseph Hartley, at Joliet, as required by law, so they may be inspected by the public.

Option for the site of the sewage disposal plant off Wolf road, north of the village, has been extended to Nov. 30 by the owners, Mac and Mary Bottema.

The board also issued warning to delinquent water users that unless they pay their bills service will be cut off. There will be a \$2.50 fee for cutting the water and another \$2.50 fee for restoring service, the board stated.

There are approximately 15 persons who are considerably in arrears.

Suburban Grade Schools Full To Overflowing

"Cook county suburban schools are again bulging at the seams," says County Superintendent of Schools, Noble J. Puffer. "Based upon first returns on enrollments, there are some 170,400 pupils in the elementary schools representing a 9% increase over 1956-57, when the enrollment was 156,353.

"Forty-five districts have provided 446 new classrooms, and in addition there will be 14 new gymnasiums, 4 auditoriums, 23 multi-purpose rooms, 11 lunchrooms and 7 libraries. These total new facilities will be occupied for the first time this fall and will cost \$14,505,000.

"Unfortunately, 16 districts will have 181 classes on half-day sessions and 27 districts will have children attending classes in rented or sub-standard classrooms, which will total 103 rooms.

Costs Zoom

"Estimated high school enrollments will be 60,876 pupils compared with 54,252 last year, which is a large increase of 12.2 per cent. One hundred and ninety-six new classrooms will be occupied for the first time in suburban high schools and in addition, there will be three new gymnasiums, four auditoriums, two lunchrooms, three libraries and three shops available to suburban youth. The total cost of these new classrooms in the

week-end period, it was said, so it is possible that the number of traffic deaths on a normal 3-day week-end is actually higher than reported.

high schools is \$18,232,000. The total cost of new facilities available both in the elementary and high school field is \$32,737,000.

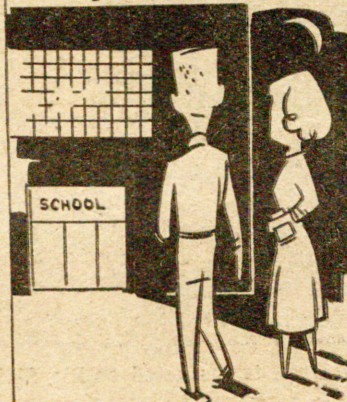

"From present indications," says Superintendent Puffer, "There will be continued growth in enrollment in the succeeding years because of two factors: 1. Continued high birth rate. 2. Continued brisk construction of

new homes in the suburban Tuesday, Sept. 3; a few will delay their opening until next area.

"Most suburban schools open Monday, Sept. 9."

Mokena, Ill.

ORLAND PARK

Mrs. Sherman Knox
Orland Park: Fieldbrook 9-0211

Police in Orland have orders to pick up dogs on the loose in Orland Park. Anyone missing their pet should contact Franchise Kennels on 143rd st. and Wolf rd., Orland, where the dogs are taken.

Legion Auxiliary News

Orland Park unit No. 526, American Legion Auxiliary will meet at the home of Sally Cooper, 14216 Union ave., Orland Park, Friday, Sept. 13 at 8 p.m. Installation of the newly elected officers will follow the business session, with Mae Leach of Chicago Heights, a past director of 8th district, also organizer of the Orland unit, serving as installing officer.

Judith Nelson of Palos Park, a junior at Carl Sandburg high school, who was chosen to represent the unit at Illini girl state, will give her report on the activities at Girl State.

Mabel Ekberg and Emily Zerbs will be assistant hostesses. Gustie Hallinan, membership chairman will gladly accept dues for the coming year, so please be prepared to renew your membership. All members are urged to attend.

Dagmar Myrick, Laura Cooper, Dorothy Thoms, Clara Myrick, and Lilah Kruspe went to Vaughns hospital, Aug. 28 to visit veterans in two wards—namely the TB and paraplegic—and distribute creature comforts and cigarettes to them.

Installation of eighth district officers will take place at Blue Island Legion hall Saturday evening, Sept. 28.

Methodist Church Program

Sunday, Sept. 1, the morning worship service will be at 10:45 a.m. instead of 9:30 as scheduled the past month.

The first meeting of the senior MYF will be held in Wesley hall Sunday, Sept. 8 at 7 p.m. All high school students (grades 9-12) are urged to attend. Mr. and Mrs. Robert Metzger have been appointed counselors of this group.

The intermediate MYF, (6th, 7th and 8th grades) first meeting will be held in the church parlors Wednesday, Sept. 11 at

7 p.m.

Circles of the WSCS have organized to-wit: the Ruth circle, known as the Evening circle, will meet Tuesday evening, Sept. 19 at 8 o'clock in Wesley hall. This group will sponsor a fashion show, Wednesday, Sept. 25 in the church parlors at 7:30 p.m. Members and friends are invited to attend.

The Esther circle, known as the Day circle, will meet Thursday, Sept. 26 at 11 a.m. in Wesley hall. As in the past, members are to bring a sandwich, coffee and dessert will be served by appointed committees.

The general meeting of the WSCS will be held quarterly, the first meeting will be held Thursday, Sept. 12 in Wesley hall at 8 p.m. A program will be presented. Members and friends are invited to attend.

The Methodist Men's club will do nicely.

meet in the church parlors, Tuesday, Sept. 17 at 8 p.m.

The Adult Bible class will meet in Wesley hall, Wednesday, Sept. 11 at 8 p.m. Members are urged to attend and bring a guest.

Miss Katherine Mitchell of Chicago, formerly a resident of Orland, called on Mrs. Edwin Lucas, Miss Rose Enders and the Bremner family on 139th st., Aug. 29.

Mr. and Mrs. Van Earl Yunker, Palos Park, announce the birth of a daughter born Aug. 28 in St. Francis hospital, Blue Island. The infant weighed seven pounds, four ounces and has been named Shirley Ann. Shirley has two sisters and one brother. Grandma, Mrs. Elsie Yunker, Orland Park is being congratulated. Mother and daughter are

Mr. and Mrs. Nicholas Brancato Sr. entertained in their home Aug. 22 in honor of their son Nicholas and his 9th birthday. Guests were his school mates and neighbors. Games were enjoyed followed by refreshments. Nicholas received many nice gifts. The next day the Brancato's left by motor for Westfield, Wis. to visit their daughter Betty who has spent the past several weeks at the Camp Fire Girls camp where Betty is a counselor. Betty will leave Sept. 12 for Normal, Ill., where she will be a junior in the university this year.

Mr. and Mrs. Robert Miller and family spent the week end at Bass Lake, Knox, Ind. Accompanying them were Mr. and Mrs. William Burkhardt, Jr.

JOHN W. ALLEN
(Southern Illinois University)

A stop in a lower county of Southern Illinois was made recently to inquire concerning the exact location of an historic site. An old gentleman knew the very spot, and with proper facing and gestures said, "Right over thar in them woods". His brief direction and manner of speech was intriguing, and the temptation to linger and make more conversation won. Here was an opportunity to hear bits of the typical pioneer speech of southern Illinois, and from one who used it naturally.

The brief visit yielded its reward. It added a few new expressions and pronunciations and served to cause the recall of others that almost had been forgotten. It sorter brung up the times when we were a strip of a land and speech like that of the old man was in common use. Since the visit was made, some of the expressions our host used and others that were recalled have been writ down. A few of them, arranged at random, are given here.

We driv or druv a hoss. If we rid the critter he might lopo, where now he canters. The tuther'n at home might single-foot. If given enough to boot you would swop one of them, though you raly didn't want to get shet of it. After a drive you ongered the critter, now it would be unharnessed. If the horse was unusually treacherous or mean, it was dubbed a varmit, somewhat like a mink, weasel or wolf.

Kin Tote a Poke too

At that time a person tromped along and clim-or clumb a hill, packing or toting a load. A beau carried his gal to church or camid a horse down the big road to the crick to water him. The horse might be yor'n, his'n or even their'n.

Ailin' persons tuk a smoothin arn, het it in the far if it had not flickered plum out and placed it over the area of pain to draw out the misery. This method of treatment would almost allus help or halp. In them days one jined a bunch. Vittles and grub were biled, and all et until they were plum full. Then the tablecloth was shuk out. Lots of times a pole of wood was drug up and cut for the far-place. It was war and not wire, tar and not tire. People seed things, and the roof leaked like a riddle. You sat on cheers that might be yaller; yellow came later.

If one began a task his friends might agg or egg him on; now we encourage. People then, as now, brung up subjects for talk and secrets leaked out. Children also were brung up. Part of them were peart and right smart. Right smart also had another use to indicate plenty. People went in and out-ten chinked and adubed houses, had a gyarden where they raised truck. Girls snickered even when they ortent to. These same girls might set their caps for certain boys who sparked rather than courted them.

Quare as all Git-out

Some persons would pamm off on others something out of kilter; sometimes it was kelter. If a horse was bawky, his driver might take a blacksmith whup to him. Objects were heisted off the ground. They might be kivered or left onkivered. It was not unusual to see a passel of boys or dogs or both from fur and nigh, roaming the woodland. If they annoyed you, you could ax or ast them to go away. In dress, people were often queerly rigged out. There were stake, or steck, and ridered fences with draw-bars, both now gone. If the bars were not let down, one crawled thru them.

One might have a craving for some particular food, drink or even after larnin' or some sich thing. A few would not tech certain foods. Sometimes persons were hippercrits. Others jined the church and promptly backslid. Things also slid out of place. A girl named Maria generally grew up to be called Mariar, and Elias became Lias or Lise. People wishing to help or hinder put in their best licks. It rained cats and dogs and

pitchfork prongs—really a cloud bust. Some would hem and haw and argufy about most anything. Promises might be hedged about with efs or iffens. Small things one might come across would often be a sight of bother. A purty sight often wasn't. The one who would rest often leant agin something.

Webster spiled hit

Early candlelight was between sunset and the time for pitch dark. Men chewed terbacker, burned bresh and borried tools, some even lent them. Work was often teejus. A boy was happy to ketch a rabbit but not a licking or tanning. Some things were as scarce as hen't teeth.

It is not necessary to gon on. Enough to say, it was a strange language. Older persons will recall more bits of it no longer heard. Large numbers then were illiterate and learned words only as they heard them. These words learned by ear were like the folk music that was passed along by the same method and gradually changed.

If only Noah Webster had not come along with his blue back speller to fix the spelling of words, one can hardly guess what speech would be like now. Many of the words heard then are no longer used. With magazines, paper and books on every hand and with radio and television, the language appears to have grown up.

We sincerely hope that some bright person does not compile a dictionary of gestures and promote its adoption as a required text in schoolrooms.

(Editor's Note: The hill people, from Missouri on, down, still talk thataway).

Race Between Corn and Frost In Final Lap

September marks the final lap in the race between maturing corn and frost. From the standpoint of rainfall, August has been a favorable month for corn development in most sections and the Sept. 1, U.S.D.A. corn crop estimate will undoubtedly be raised again, but the big question in northern areas is: Will it mature?

Here are comments from some of the DeKalb hybrid corn reporters:

Northern Indiana, on Aug. 21 only 45% of corn was in roasting ear stage as compared with 70% normally.

Northern Minnesota, A warm, frost free September is essential for a good corn crop. Southern Minnesota, corn 7 to 10 days behind normal.

Northern Illinois, Maturity may be a factor if cool wet weather continues. Very little corn is dented. South Dakota, Corn development about normal with 5% dented on Aug. 20. North Dakota, 4% dented on Aug. 20. Wisconsin, Cool nights and wet weather have delayed maturity.

Frost Early Last Year

In 1956, some killing frost occurred on Sept. 6, particularly in parts of Nebraska. A rather general frost on Sept. 20 killed much of the corn in Illinois, Wisconsin, Michigan, Indiana and Ohio. However, these frosts are earlier than normal as the average date of first killing frosts is as follows:

Syracuse, N. Y., Oct. 21; Harrisburg, Pa., Oct. 28; Cincinnati, Ohio, Oct. 24; Cleveland, Ohio, Nov. 3; Indianapolis, Ind. Oct. 21; Peoria, Ill., Oct. 20.

Madison, Wis., Oct. 17; La Crosse, Wis., Oct. 10; Minneapolis, Minn., Oct. 11; Charles City, Ia., Oct. 5; Des Moines, Iowa, Oct. 11; St. Joseph, Mo., Oct. 20; Bismarck, N. Dak., Sept. 22; Huron, S. Dak., Sept. 29; Omaha, Neb., Oct. 17; North Platte, Neb., Oct. 5.

Thus on Sept. 1, most of the corn growing states had a prospect of six more weeks of maturing weather which should mature all but the exceptionally late planted corn.

Open New Pipeline to Bring Mexican Gas Into the U. S.

Special ceremonies were held on the banks of the Rio Grande near Reynosa, Mexico, marking the commencement of operations of a new natural gas pipeline that for the first time in history will carry major quantities of Mexican gas into the United States.

Antonio J. Bermudez, Director General of Petroleos Mexicanos, the decentralized oil and gas agency of the Mexican government, opened the valve on the Rio Grande that will connect facilities of Petroleos Mexicanos (Pemex) with a new pipeline into the United States constructed by Texas Eastern Transmission Corporation, of Shreveport, La.

Initially some 115 million cubic feet of natural gas will flow across the international border into the United States each day. This gas will be transmitted thru Texas Eastern's 5,900-mile-long natural gas system that extends thru the central United States and term-

inates on the eastern seaboard near New York.

Old-Time Post Office Feature of Fair on Convent Grounds

Plans for the Country Town Fair to be held on the campus at Our Lady of Sorrows Convent, 147th st., two blocks west of Central ave., Tinley Park on Sept. 8, from 10 a.m. until dark, include many pleasant surprises.

Real old fashioned Polish sausage, hot bismarcks, barbecued beef and a host of other good things to eat, will be served.

An old fashioned post office will be one of the highlights

of the day.
Hand made articles will be for sale as well as plenty of home baked goods.

ORDINANCE NUMBER 400

AN ORDINANCE authorizing and providing for the issue of \$280,000 Waterworks and Sewerage Revenue Bonds of the Village of Mokena, Will County, Illinois, for the purpose of defraying a part of the cost of improving and extending the combined Waterworks and Sewerage System of said Village, prescribing all the details of said bonds, and providing for the collection, segregation and distribution of the revenue of the combined waterworks and sewerage system of said Village for the purpose of paying the cost of the operation and maintenance thereof, providing an adequate depreciation fund therefor and paying the principal and interest of said Waterworks and Sewerage Revenue Bonds.

WHEREAS the Village of Mokena, Will County, Illinois, has heretofore by ordinance provided for the combination of its existing municipally owned waterworks system and its proposed sewerage system into a combined waterworks and sewerage system in accordance with the provisions of Article 62 of the "Revised Cities and Villages Act," effective January 1, 1942, and all laws amendatory thereof and supplementary thereto; and

WHEREAS it is deemed advisable, necessary and in the best interests of the public health and safety that such combined waterworks and sewerage system be improved and extended by the construction of a complete sanitary sewerage system, such system to consist of the construction and installation of a network of collecting sewers, mains and laterals consisting of 23,129 lineal feet of 8 inch vitrified clay sewer pipe, 2,453 lineal feet of 10 inch vitrified clay sewer pipe, 4,684 lineal feet of 12 inch vitrified clay sewer pipe, 2,097 lineal feet of 18 inch vitrified clay sewer pipe, 903 lineal feet of 8 inch cast iron force main sewer pipe, the construction and installation along the course of said sewers, of 110 concrete manholes complete with cast iron manhole frames and covers and of 5 drop pipe assemblies, the construction of one sewage lift station complete with housing pumps, valves, motors, controls, wiring, connections and appurtenances incident thereto, and the construction of a complete sewage treatment and disposal plant consisting of a primary clarifier, trickling filter, final clarifier, a control building containing a vacuum sludge filter with chemical feeders, three raw sewage pumps, one chlorinator, a well pump and pneumatic tank, and including all equipment, appurtenances, controls, wiring and valves necessary and incident thereto and including the acquisition of necessary real estate, all in accordance with the detailed plans and specifications and estimates of cost therefor heretofore approved by the President and Board of Trustees of said Village and now on file in the office of the Village Clerk for public inspection; and

WHEREAS the total estimated cost of the construction of such improvements and extensions to the combined waterworks and sewerage system, including bond discount, as prepared by the engineers of said Village employed for that purpose, is the sum of \$449,300.00; and

WHEREAS the Village of Mokena will have on hand and available the sum of \$100,000 to apply towards payment of a part of the total cost of the construction of said improvements and extensions to the combined waterworks and sewerage system, said sum being the proceeds to be received from the sale of general obligation sanitary sewer bonds of said Village heretofore authorized and to be issued and the Village will receive assistance in the aggregate amount of \$69,300 in the form of a federal grant to be received from the United States Government and to assist in the financing of the sewerage treatment plant, and in order to raise the remainder of the funds required, namely, \$280,000 (including bond dis-

LEGAL NOTICE

count) it will be necessary for the Village to borrow the sum of \$280,000 and in evidence thereof issue its Revenue Bonds in the principal amount of \$280,000 for the purpose of paying the remainder of the cost of the construction of said improvements and extensions to the combined waterworks and sewerage system; and

WHEREAS pursuant to the provisions of Article 62 of the "Revised Cities and Villages Act," effective January 1, 1942, as amended, this Village is authorized to issue Waterworks and Sewerage Revenue Bonds in an amount sufficient to pay a part of the cost of constructing said improvements and extensions:

NOW, THEREFORE, Be It Ordained by the President and Board of Trustees of the Village of Mokena, Will County, Illinois, as follows:

Section 1. That the Village of Mokena, Will County, Illinois, has heretofore and does hereby determine that the existing municipally owned waterworks system and the proposed sanitary sewerage system of said Village to be constructed be combined and maintained and operated together as a combined waterworks and sewerage system of said Village and the entire sewerage system of said Village, including all future improvements and extensions thereto.

Section 2. That the said Village of Mokena, in the County of Will and State of Illinois, has caused to be made an estimate of the cost of constructing necessary improvements and extensions to the combined waterworks and sewerage system of said Village, such improvements and extensions to said combined waterworks and sewerage system being described hereinabove in the preamble of this ordinance, and all in accordance with the detailed plans and specifications therefor heretofore approved by the President and Board of Trustees and now on file in the office of the Village Clerk for public inspection and has heretofore estimated and does hereby estimate that the cost of the construction of said improvements and extensions to said combined waterworks and sewerage system, including bond discount, is the sum of \$449,300.00.

Section 3. That the President and Board of Trustees do hereby determine the period of usefulness of said combined waterworks and sewerage system and the improvements and extensions to be made thereto as herein proposed, to be forty (40) years.

Section 4. That the Village does not have sufficient funds available for the purpose of paying the cost of constructing said improvements and extensions to the combined waterworks and sewerage system and for the purpose of paying the cost of the construction of said improvements and extensions it will require the issuance by said Village of \$280,000 Waterworks and Sewerage Revenue Bonds of said Village, bearing interest at the rate of five per cent (5%) per annum, payable on January 1, 1958 and semiannually thereafter.

Section 5. That for the purpose of defraying a part of the cost of the construction of the necessary improvements and extensions to the combined waterworks and sewerage system of the Village of Mokena, as referred to and described hereinabove in the preamble of this ordinance, there be issued and sold Waterworks and Sewerage Revenue Bonds of said Village, in the principal amount of \$280,000, which bonds shall be designated "Waterworks and Sewerage Revenue Bonds," be dated July 1, 1957, be numbered consecutively 1 to 280, inclusive, be of the denomination of \$1,000 each, to bear interest at the rate of five per cent (5%) per annum, payable on January 1, 1958 and semiannually thereafter on the first days of July and January in each year, and mature serially on July 1 of each of the years and in the amounts as follows:

Amount	Due on July 1 of the following years.
\$ 3,000	1960 to 1966, inclusive
4,000	1967 to 1971, inclusive
5,000	1972 to 1975, inclusive
6,000	1976 to 1978, inclusive
7,000	1979 to 1981, inclusive
8,000	1982 to 1984, inclusive
9,000	1985 and 1986
10,000	1987 and 1988

LEGAL NOTICE

11,000	1989 and 1990
12,000	1991 and 1992
13,000	1993
14,000	1994 and 1995
15,000	1996
16,000	1997

; provided, however, that of said bonds, bonds numbered 109 to 280, inclusive, in the aggregate amount of \$172,000, shall be subject to redemption and payment prior to their maturity, at the option of the Village, at par and accrued interest in the inverse order of their number on any interest payment date on or after July 1, 1982. That is to say, bond number 280 shall first be redeemed before bond numbered 279 is redeemed, and so on, continuing such priority of redemption as to all said bonds subject to redemption prior to maturity. Written notice of its option to redeem and pay prior to their maturity any or all of said bonds which by their terms shall have become subject to redemption and payment shall be given by the Village to the holder of each such bond called for redemption, if known, by registered mail at least thirty (30) days prior to the date of redemption, or if the holders of any such bonds are unknown, then notice of such redemption shall be given by publication of such notice at least one in a newspaper published and of general circulation in the City of Chicago, Illinois, and the date of the publication of such notice shall be not less than thirty (30) days prior to such redemption date, and any such notice shall designate the date and place of redemption of said bonds, which shall be at the place in the City of Chicago, Illinois, to be hereafter agreed upon between the Village and the purchaser of the bonds authorized to be issued under the terms of this ordinance as the place of payment of the said bonds and the interest coupons pertaining thereto, shall designate the serial number and the aggregate principal amount of the bonds to be redeemed, and shall indicate that on the designated date of redemption said bonds will be redeemed by payment of the principal thereof and accrued interest thereon, and that from and after the designated redemption date interest in respect of said bonds so called for redemption shall cease.

Section 6. That both principal and interest of said Waterworks and Sewerage Revenue Bonds shall be payable in lawful money of the United States of America at such place in the City of Chicago, Illinois, as shall hereafter be agreed upon between the Village and the purchaser of said bonds as the place of payment for said bonds and the interest coupons pertaining thereto. That said bonds shall be signed by the President of said Village, sealed with the corporate seal of said Village and attested by the Village Clerk, and the interest coupons attached to said bonds shall be signed by the facsimile signatures of said President and said Village Clerk, and said officials, by the execution of said bonds shall adopt as and for their own proper signatures their respective facsimile signatures appearing on said coupons.

Said bonds, together with the interest thereon, shall be payable solely from the revenues derived from the combined waterworks and sewerage system of said Village and said bonds shall not, in any event, constitute an indebtedness of the Village of Mokena, within the meaning of any constitutional or statutory limitation.

Any of said bonds may be registered as to principal at any time prior to maturity, in the name of the holder on the books of said Village in the office of the Village Treasurer, such registration to be noted on the reverse side of the bonds by the Village Treasurer, and thereafter the principal of such registered bonds shall be payable only to the registered holder, his legal representative or assigns. Such registered bonds shall be transferable to another registered holder or back to bearer only upon presentation to the Village Treasurer, with a legal assignment duly acknowledged or approved. Registration of any of such bonds shall not affect the negotiability of the coupons thereto attached but such coupons shall be negotiable of the coupons there-

LEGAL NOTICE

to attached but such coupons shall be negotiable by delivery merely.

Section 7. The said bonds and coupons shall be in substantially the following form: (Form of Bond)

UNITED STATES OF AMERICA
State Of Illinois, County Of Will
VILLAGE OF MOKENA
WATERWORKS AND SEWERAGE REVENUE BOND

Number _____ \$1,000
KNOW ALL MEN BY THESE PRESENTS, that the Village of Mokena, Will County, Illinois, for value received, hereby promises to pay to bearer or, if this bond be registered, as hereinafter provided, then to the registered holder hereof, solely from the Waterworks and Sewerage Fund of the Village of Mokena, as hereinafter mentioned and not otherwise, the sum of ONE THOUSAND DOLLARS (\$1,000) on July 1, 19—, gotiable by delivery merely. sum from date hereof until paid, at the rate of _____ per cent (—%) per annum, payable on January 1, 1958 and semiannually thereafter on the first days of July and January in each year upon presentation and surrender of the annexed interest coupons as they severally become due.

Both principal of and interest on this bond are hereby made payable in lawful money of the United States of America, at _____ in the City of Chicago, Illinois.

This bond and the series of which it forms a part is payable solely from revenues derived from the operation of the combined waterworks and sewerage system of said Village, and not otherwise, and is issued under authority of the provisions of Article 62 of the "Revised Cities and Villages Act" of the State of Illinois, and all laws amendatory thereof and supplemental thereto, for the purpose of paying a part of the cost of constructing necessary improvements and extensions to the combined waterworks and sewerage system of said Village of Mokena and this bond does not constitute an indebtedness of said Village within any constitutional or statutory limitation.

This bond is one of an authorized issue of Two Hundred and Eighty Thousand Dollars (\$280,000), numbered from 1 to 280, inclusive, of the denomination of One Thousand Dollars (\$1,000) each, bonds numbered _____ to _____, inclusive, bearing interest at the rate of _____ per cent (—%) per annum, and bonds numbered _____ to _____, inclusive, bearing interest at the rate of _____ per cent (—%) per annum, of like date and tenor except as to maturity and privilege of redemption and of said bonds, bonds numbered 109 to 280, inclusive, in the aggregate amount of One Hundred and Seventy-Two Thousand Dollars (\$172,000) are subject to redemption and payment, at the option of the Village, prior to their maturity, at par and accrued interest to date of redemption, in the inverse order of their number, on any interest payment date on or after July 1, 1982. That is to say, bond numbered 280 shall first be redeemed before bond numbered 279 is redeemed, and so on, continuing such priority of redemption as to all bonds so redeemable. Notice of the redemption of any or all of said bonds which by their terms shall have become subject to redemption shall be given by the Village to the holder thereof, if known, by registered mail at least thirty (30) days prior to the date of redemption, or if the holder thereof be unknown, such notice shall be published at least once in a newspaper published and of general circulation in the City of Chicago, Illinois, the date of the publication of such notice to be not less than thirty (30) days prior to such redemption date, and when any or all of said bonds which by their terms have become subject to redemption and payment prior to their maturity shall have been called for redemption and payment made or provided for, interest thereon shall cease from and after the date so specified.

Under said Act and the ordinance adopted pursuant thereto, authorizing the issuance of

THE NEWS-BULLETIN

Mokena, Illinois

Thu. Sept. 5, 1957 Sec. 2 Pg.

LEGAL NOTICE

this bond and the series of which it forms a part, the revenues from the operation of the combined waterworks and sewerage system of said Village shall be deposited in a separate fund designated as the "Waterworks and Sewerage Fund" of said Village, which shall be used only and is hereby pledged for paying the cost of operation and maintenance of said combined system, providing an adequate depreciation fund and paying the principal of and interest on the bonds of said Village that are issued under authority of said Act and are payable by their terms only from the revenues of said combined waterworks and sewerage system, and in making all payments required to maintain the accounts created under the terms of the ordinance pursuant to which this bond is issued.

It is hereby certified and recited that all acts, conditions and things required to be done precedent to and in the issuance of this bond have been done and have happened and have been performed in regular and due form of law and the provision has been made for depositing in said waterworks and sewerage fund the revenues received from the operation of said combined waterworks and sewerage system to be applied in the manner as hereinabove set forth, and said Village hereby covenants and agrees that it will fix and maintain rates for the use and service of said combined waterworks and sewerage system and collect an account for revenues from said combined waterworks and sewerage system sufficient at times to pay the cost of maintenance and operation of said combined system, provide an adequate depreciation fund, and to promptly pay principal of and interest on all bonds issued by said Village which by their terms are payable solely from the revenues of said combined waterworks and sewerage system, and to comply with all the covenants of and to maintain the accounts created by the ordinance pursuant to which this bond and the series of which it forms a part were issued.

This bond may be registered as to principal only in the name of the holder on the books of said Village in the office of the Village Treasurer, such registration to be evidenced by notation of said Treasurer on the back hereof, after which a transfer hereof shall be valid unless made on said books and similarly noted hereon, but may be discharged from such registration by being transferred to bearer, after which it shall be transferable by delivery, but may be again registered as before. The registration of this bond shall not restrict the negotiability of the coupons by delivery merely.

IN WITNESS WHEREOF, the said Village of Mokena, Will County, Illinois, by its President and Board of Trustees, has caused this bond to be signed by its President, its corporate seal to be hereto affixed and attested by the Village Clerk, and the coupons hereto attached to be signed by the facsimile signatures of said President and said Village Clerk, which officials, by the execution of this bond, adopt as and for their own proper signatures their respective facsimile signatures appearing on said coupons and this bond to be dated as of the first day of July, 1957.

President, Village of Mokena, Will County, Illinois.

Section 8. That upon the issuance of any of the Waterworks and Sewerage Revenue Bonds herein provided for, the entire combined municipal waterworks and sewerage system of said Village of Mokena, for the purpose of this ordinance, shall be operated on a fiscal year basis commencing the first day of July and ending the last day of June of each succeeding year. From and after the delivery of any bonds issued under the provisions of this ordinance all the revenues from any source whatsoever derived from the operation of the combined waterworks and sewerage system of said Village of Mokena, including all future improvements and extensions thereof, shall be set aside as a separate fund which is hereby created and designated as the "Waterworks and Sewerage Fund of the Village of Mokena," which shall constitute a trust fund for the sole purpose of carrying out the covenants, terms and conditions of this ordinance, and shall be used only in paying the reasonable cost of operation and maintenance of said combined waterworks and sewerage system, including salaries, wages, costs of materials, supplies, insurance and the reasonable repairs and extensions necessary to render efficient service, provide an adequate depreciation fund, and in paying the principal of and interest upon all revenue bonds issued by said Village of Mokena solely from the revenues derived from the combined waterworks and sewerage system of said Village, and for the creation and expenditure of the respective accounts as hereinafter provided for.

Section 9. That there be and there are hereby created and established separate special accounts to be designated several: "Operation and Maintenance Account," "Depreciation and Contingencies Accounts," "Bond and Interest Account," "Bond Reserve Account," and "Surplus Account," into which there shall be paid on the first business day of each month without any further official action or direction all moneys derived in the Waterworks and Sewerage Fund of said Village, in accordance with the following provisions:

(a) There shall be paid into the Operation and Maintenance Account on the first business day of each month an amount sufficient to pay the reasonable expense of operation and maintenance and repair of said combined waterworks and sewerage system for the next succeeding month, including, without limiting the generality of the foregoing, salaries, wages, cost of materials, supplies, insurance and power.

(b) There shall be paid into the Depreciation and Contingencies Account on the first business day of each month after the required payments have been made into the account above referred to, the sum of \$150.00 each month until such account aggregates the sum of \$15,000.00 and thereafter no additional payments shall be made into said account except that when any money is paid out of such

account payments into such account shall be resumed and continued until such account has been restored to the aggregate amount of \$15,000.00.

The moneys in said Account shall be used to pay the cost of such replacements and repairs to the system as may be necessary from time to time for the continued effective and efficient operation of the system, except that the funds held in said Account to the extent necessary to prevent or remedy a default in the payment of the interest on or principal of any bonds of said Village which by their terms are payable from the revenues of said combined waterworks and sewerage system shall be used for that purpose and shall be transferred to the Bond and Interest Account, and whenever such an amount is withdrawn from said Account and so transferred to said Bond and Interest Account, the amount so transferred shall be added to the amount to be next and there after paid into said Depreciation and Contingencies Account until full reimbursement to said Account has been made. Each expenditure to be made from the Depreciation and Contingencies Account, to pay the cost of necessary replacements and repairs to the system, as above provided for, shall be made only after a consulting engineer employed for that purpose has certified that such expenditure is necessary to the continued effective and efficient operation of the combined waterworks and sewerage system of said Village.

(c) There shall be paid into the Bond and Interest Account on the first business day of each month, after the required payments have been made into the Accounts above established, an amount equal to one-fifth of the interest becoming due on all outstanding bonds payable from the revenues of said combined waterworks and sewerage system on the next succeeding interest payment date, and beginning on July 1, 1959, there shall be paid into the Bond and Interest Account on the first business day of each month an amount equal to one-tenth of the principal of all of said bonds becoming due on the next succeeding principal maturity date, until there shall have been accumulated in the Bond and Interest Account on or before thirty days preceding such current maturity date of interest or principal, or both, an amount sufficient to pay such principal or interest, or both, of all bonds issued hereunder and maturing by their terms on such current maturity date.

It is hereby determined that the minimum amounts to be set aside in the "Bond and Interest Account" in each fiscal year to be used for the purpose of paying the maturing principal of and interest accruing on the Revenue Bonds issued under the provisions of this ordinance shall be as follows:

Fiscal Year ending Last Day of June	Principal and Interest
1958	\$14,000.00
1959	14,000.00
1960	17,000.00
1961	16,850.00
1962	16,700.00
1963	16,550.00
1964	16,400.00
1965	16,250.00
1966	16,100.00
1967	16,950.00
1968	16,750.00
1969	16,550.00
1970	16,350.00
1971	16,150.00
1972	16,950.00
1973	16,700.00
1974	16,450.00
1975	16,200.00
1976	16,950.00
1977	16,650.00
1978	16,350.00
1979	17,050.00
1980	16,700.00
1981	16,350.00
1982	17,000.00
1983	16,600.00
1984	16,200.00
1985	16,800.00
1986	16,350.00
1987	16,900.00
1988	16,400.00
1989	16,900.00
1990	16,350.00
1991	16,800.00
1992	16,200.00

1993	16,600.00
1994	16,950.00
1995	16,250.00
1996	16,550.00
1997	16,800.00

Payments into the Bond and Interest Account may be suspended in any fiscal year at such time as there shall be sufficient money in said account to pay principal and interest for the remainder of such fiscal year, but such payments shall again be resumed at the beginning of the new fiscal year. All moneys in said account shall be used only for the purpose of paying interest and principal on the bonds hereby authorized as the same shall become due.

Any and all sums received from the purchaser of the bonds as accrued interest thereon to date of delivery shall be paid into said Bond and Interest Account, and in addition, the sum of \$14,000 derived from the sale of said bonds shall be paid into said Account to pay interest accruing on said bonds during the estimated time necessary to complete the construction of the proposed improvements and extensions to the combined waterworks and sewerage system of said Village.

(d) There shall be paid into the Bond Reserve Account on the first business day of each month after the required payments have been made into the above referred to accounts the sum of \$200.00 each month until such account aggregates the sum of \$20,000, and thereafter no additional payments shall be made into such account except that whenever any money is paid out of said account, payments into said account shall be resumed and continued until such account has been restored to the aggregate amount of \$20,000.00; and the Village covenants and agrees to maintain said Bond Reserve Account throughout the life of said bonds authorized to be issued under the terms of this ordinance and until such time as the moneys deposited in said Account are equal to the aggregate amount of all interest and principal requirements to maturity of the then outstanding bonds authorized to be issued under the terms of this ordinance and thereafter no further payments shall be made into said Account and the moneys in said Account shall be used for the payment of the principal and interest of the then balance of the outstanding bonds as the principal and interest of said bonds mature. Moneys in said Bond Reserve Account shall be retained and used only for the payment of principal of or interest on all bonds of said Village payable from the revenues of the combined Waterworks and Sewerage System of said Village due at any time when there are insufficient funds available in the Bond and Interest Account to pay such principal of or interest on such bonds as the same become due.

(e) All moneys remaining in the Waterworks and Sewerage Fund of said Village, as established by this ordinance, after all payments into the respective accounts hereinabove in sub-paragraphs (a) to (d), inclusive, of this section, required to have been made shall have been made, including any deficiencies as hereinabove provided, shall be paid into the Surplus Account and shall be used or accumulated solely and only for the purpose of repairing, improving, enlarging or extending the combined waterworks and sewerage system of said Village, or for the redemption and payment of any of the bonds of said Village authorized to be issued under the terms of this ordinance and which by their terms are payable from the revenues of the combined waterworks and sewerage system of said Village.

(f) The moneys in any of the accounts created by sub-paragraphs (b), (d) and (e), as hereinabove created and set forth in this section, may by resolution adopted by the President and Board of Trustees be invested from time to time by the Treasurer of said Village in interest bearing bonds or other direct and general obligations of the United States Government and matur-

ing in not more than ten years after the purchase date there of, and such securities shall be sold from time to time by said Treasurer pursuant to a resolution of the President and Board of Trustees as funds may be needed for the purpose for which said accounts have been created. All accrued interest on any funds so invested shall be credited to the account for which the investment was made.

That moneys in each of the above created Accounts shall be kept separate and apart from all other funds and moneys of the Village and moneys in the Operation and Maintenance Account, above established shall be deposited with the Mokena State Bank, of the Village of Mokena, Illinois, and moneys in all other Accounts above established (excluding the Operation and Maintenance Account) shall be deposited in separate accounts with the American National Bank and Trust Company of Chicago, in the City of Chicago, Illinois.

Section 10. That it is hereby covenanted and agreed that the revenues of the combined waterworks and sewerage system are to be paid into the various special accounts hereinabove established and created in the order in which said accounts have been listed, and if within any period of time the revenues are insufficient to place the required amounts in any of said accounts the deficiencies shall be made up the following period or periods after payments into all the accounts enjoying a prior claim of revenues have been made in full.

Section 11. While the bonds authorized hereunder or any of them remain outstanding or unpaid, rates charged for the use and service of the combined waterworks and sewerage system shall be sufficient at all times to pay the cost of operation and maintenance, to provide the accounts established by this ordinance, to pay the interest on and principal of all bonds which by their terms are payable from the revenues of said combined waterworks and sewerage system, and to carry out the covenants of this ordinance. And there shall be charged against all users of said combined waterworks and sewerage service as shall be adequate to meet the requirements of this section. Compensation for services rendered the Village of Mokena shall be charged against the said Village and payment for the same from the corporate funds shall be made monthly into the Waterworks and Sewerage Fund created by this ordinance, in the same manner as other revenues are required to be deposited. No free service of the system shall be supplied the Village or to any other person, firm, organization or corporation, public or private, and to the extent permitted by law, said Village further covenants not to grant any competing franchise for the operation of a waterworks or a sewerage or a combined waterworks and sewerage system in said Village.

Section 12. Any holder of a bond or bonds issued hereunder, or of any of the coupons representing interest accrued thereon, may, either in law or in equity, by suit, action, mandamus or other proceedings, enforce or compel performance by the officials of said Village of all duties required by law and by this ordinance, including the making and collecting of sufficient rates for water and sewerage services and segregating the revenues of said combined waterworks and sewerage system and the application thereof to the respective accounts created by this ordinance.

Section 13. That the Village of Mokena hereby agrees to carry insurance on the combined waterworks and sewerage system of the kinds and in the amounts which are usually carried on similar properties, including, without limiting the generality of the foregoing, fire, windstorm insurance, public liability, and all additional insurance covering such risks as shall be recommended by a competent independent engineer employed for the purpose of making such recommendations, and all money received for losses under such insurance policies shall be deposited in the Waterworks and Sewerage Fund and used in making good the loss or damage

in respect of which they were paid either by repairing the property damaged or replacing the property destroyed, and provision for making good such loss or damage shall be made within ninety days from date of the loss. The payment of premiums for all insurance policies required under the provisions of this section shall be considered a maintenance and operation expense.

The proceeds of any and all policies for public liability shall be paid into the Maintenance and Operation Account and used in paying the claims on account of which they were received.

Section 14. The Village of Mokena covenants and agrees that so long as any of the bonds herein authorized remain outstanding proper books and records and accounts will be kept by the Village of Mokena separate and apart from all other records and accounts, showing correct and complete entries of all transactions of the combined waterworks and sewerage system, and that the holders of any of said bonds or any duly authorized agent or agents of such holders shall have the right at any and all reasonable times to inspect the records, accounts and audit relating thereto, and to inspect the combined system and all property comprising the combined system. Said Village further covenants and agrees that it will within sixty days following the close of each fiscal year cause an audit of such books and accounts to be made by an independent firm of certified public accountants, showing the receipts and disbursements for and on account of the combined waterworks and sewerage system, and that such audit will be available for inspection by the holders of any of the bonds. Each such audit, in addition to whatever matters may be thought proper by the accountant to be included therein, shall without limiting the generality of the foregoing, include the following:

- A statement in detail of the income and expenditures of the combined waterworks and sewerage system for such fiscal year.
- A balance sheet as of the end of such fiscal year.
- The accountant's comment regarding the method in which the Village has carried out the requirements of this ordinance, and the accountant's recommendations for any changes or improvements in the operation of the combined system.
- A list of all the insurance policies in force at the end of the fiscal year, setting out as to each policy the amount of the policy, the risks covered, the name of the insurer and the expiration date of the policy.
- The number of customers served by the combined waterworks and sewerage system at the end of the year, the number of metered customers at the end of the year who use both water and sewer services and the number using only the water services, the number of unmetered customers at the end of the year who use both water and sewer services and the number using only water service and the number of customers who use only the sewerage services and the quantity of water pumped.

All expense incurred in the making of the audit required by this section shall be regarded and paid as a maintenance and operation expense, and it is further covenanted and agreed that a copy of each such audit shall be furnished to the holder of any of the bonds at his request, and any holder of a bond or bonds authorized under this ordinance shall have the right to discuss with the accountant making the audit the contents of the audit and to ask for any additional information he may reasonably require. Monthly statements of receipts and disbursements of the combined system shall be furnished the President and Board of Trustees, and copies of the same shall be furnished to any bondholder upon request. A copy of each such audit and monthly report shall be mailed each month to the original purchasers of the bonds authorized by this ordinance.

Section 15. That it is hereby covenanted and agreed that while any of the bonds herein

authorized to be issued are outstanding, additional waterworks and sewerage revenue bonds to share ratably and equally in the revenues of said combined waterworks and sewerage system of said Village with the bonds authorized to be issued under the terms of this ordinance shall be issued only when the revenues derived from the combined system for the fiscal year then next preceding were sufficient to pay all costs of operation and maintenance, to pay all sums required to be paid into the Depreciation and Contingencies Account and the Bond Reserve Account, and leave a balance equal to one hundred twenty-five per cent (125%) of the aggregate of the combined maximum principal and interest requirements for any succeeding fiscal year period on all the bonds then outstanding and on the bonds then to be issued.

Notwithstanding the above restrictions, additional bonds in an amount not to exceed \$75,000.00 and to share ratably and equally in the income and revenues of the combined waterworks and sewerage system with the revenue bonds authorized to be issued under the terms of this ordinance may be issued at any time after the passage of this ordinance for the purpose of completing the construction of the improvements and extensions, authorized and provided for by this ordinance, but only upon certificate to the President and Board of Trustees by the consulting engineer then in the employ of said Village that additional funds are necessary for the purpose of completing the construction of said improvements and extensions heretofore approved and now on file in the office of the Village Clerk for public inspection and said certificate shall show the total amount of work completed, the cost thereof, the work remaining to be completed and the estimated cost thereof and said certificate shall be approved by the President and Board of Trustees of the Village and filed in the office of the Village Clerk for public inspection preliminary to the adoption of any ordinance providing for the issuance of any additional revenue bonds.

In addition to the foregoing, if prior to the payment of any of the bonds hereby authorized, it shall be found desirable to refund all or a part of the bonds hereby authorized, said bonds may be refunded notwithstanding the restrictions as to the issuance of additional bonds set forth in this section (with the consent of the holders thereof unless the bonds to be refunded are subject to redemption and provision for call and redemption thereof is duly made) and any refunding bonds so issued shall share ratably and equally in the revenues of said combined waterworks and sewerage system and the pledge thereof under this ordinance with the portion of the bonds hereby authorized which are not refunded; provided, however, that if only a portion of said outstanding bonds are to be refunded at any time, such obligations shall not be refunded by bonds bearing interest at a rate greater than the interest rate provided by this ordinance, or maturing at a date earlier than the final maturity of such bonds not refunded.

Section 16. That the Village of Mokena hereby covenants and agrees with the holder or holders of the bonds herein proposed to be issued, or any of them, that it will punctually perform all duties with reference to said combined waterworks and sewerage system required by the constitution and laws of the State of Illinois, including the making and collecting of sufficient rates for water and sewerage service, segregating the revenues of said combined system and the application thereof to the respective accounts created by this ordinance, and it hereby covenants and agrees not to sell, lease, loan, mortgage or in any manner dispose of or encumber said combined waterworks and sewerage system including any and all extensions and improvements that may be made thereto, except for the issue of additional bonds as provided for in Section 15 hereof (provided the covenant in this section shall not prevent the said Village from disposing of any property which in the judgment of the President

and Board of Trustees is no longer useful or profitable in the operation of said system and the proceeds from the sale of any such property is paid into the Bond and Interest Account herein established) until all of the bonds herein authorized to be issued shall have been paid in full, both principal and interest, or unless and until provision shall have been made for the payment of all such bonds and interest thereon in full; and the Village further covenants and agrees with the holders of said bonds to maintain in good condition and continuously operate said combined waterworks and sewerage system.

Section 17. That the provisions of this ordinance shall constitute a contract between the Village of Mokena and the holders of the bonds herein authorized to be issued and after the issuance of said bonds, no changes, additions or alterations of any kind shall be made herein, except as hereinbefore provided, until such time as all of said bonds issued hereunder and the interest thereon shall be paid in full, or unless and until provision shall have been made for the payment of all such bonds and interest thereon in full.

Section 18. That as soon after this ordinance becomes effective as may be, the bonds herein authorized in the aggregate amount of \$280,000, shall be sold by the President and Board of Trustees of the Village in such manner as they may hereafter determine and at such a price as to produce for said bonds not less than the sum of \$252,000; provided, however, that if the acceptable bidder offers to purchase said bonds at such a price to produce not less than said sum of \$252,000.00 and bearing interest at a lesser rate than the rate hereinabove prescribed in this ordinance, then this President and Board of Trustees shall, upon making the award of sale of the said bonds adopt a resolution reducing the interest rates on such bonds in accordance with the terms of the acceptable offer to purchase the same and directing the officers of the Village to execute and deliver said bonds to the purchaser to bear interest at such lesser rate or rates specified by the acceptable bidder and such rate or rates being less than the rates hereinabove prescribed in this ordinance and after the execution of said bonds as herein provided, the same shall be delivered to the Village Treasurer and by him delivered to the purchaser thereof upon receipt of the purchase price therefore, the same being at such a price as to provide for the Village not less than the sum of \$252,000.00 plus accrued interest on said bonds from date thereof up to and including the date of delivery thereof and such purchase price being such that the interest cost to the Village of the proceeds of the sale of said bonds herein authorized does not exceed six per cent (6%) per annum, computed to maturity, according to the Standard Table of Bond Values.

Section 19. That the proceeds of the sale of said bonds hereby authorized (being not less than the sum of \$252,000.00), exclusive of accrued interest and except as herein otherwise provided, shall be deposited by the Village Treasurer with the American National Bank and Trust Company of Chicago, of the City of Chicago, Illinois, which said bank is hereby designated as the depository of the account hereinafter named, in a special account to be designated the "Waterworks and Sewerage Construction Fund Account of the Village of Mokena, Illinois," which is hereby created to be applied only for the purpose of paying the cost of the construction of the improvements and extensions to the combined waterworks and sewerage system of said Village, as herein provided, all in accordance with the plans and specifications thereto heretofore approved by the President and Board of Trustees of said Village and now on file in the office of the Village Clerk for public inspection; provided, however, that interest accruing on said bonds during the construction period may be deemed an item of construction cost and to the extent such interest is not paid from income and revenue it shall be paid from proceeds of said bonds, and for that purpose immediately

upon receipt of the purchase price of the bonds there shall be withdrawn from said Waterworks and Sewerage Construction Fund Account and deposited with the paying agent of said bonds the sum of \$14,000.00 together with all accrued interest, which said sum has been estimated to be the amount necessary to pay interest on said bonds during the period of construction of said improvements and extensions to the combined waterworks and sewerage system and also during the six month period subsequent to the estimated date of the completion of said improvements and extensions. The cost of engineering, legal and other expenses, including the cost of surveys, designs, soundings, borings, rights of way, real estate, and all other necessary and incidental expenses shall be deemed items of construction cost. If the President and Board of Trustees shall determine at any time that the amount of proceeds in the Waterworks and Sewerage Construction Fund Account is in excess of the amount necessary to meet authorized expenditures therefrom during the next ensuing six months, it may by resolution direct the Depository of said account to invest such excess in interest bearing bonds or other direct and general obligations of the United States Government having a maturity of not more than one year subsequent to the date of such investment, and all such investments, as well as income therefrom, shall be carried to the credit of the Waterworks and Sewerage Construction Fund Account. As and when such funds are thus needed the President and Board of Trustees shall direct the said Depository, by resolution, to cause a sufficient amount of such investments to be sold and converted into cash to the credit of the Waterworks and Sewerage Construction Fund Account.

That the proceeds derived from the sale of said bonds herein authorized, and so deposited in the said "Waterworks and Sewerage Construction Fund Account of the Village of Mokena, Illinois," as hereinabove provided, shall be held and used solely to construct the improvements and extension to the combined waterworks and sewerage system of said Village as provided for by this ordinance and in conformity to the plans and specifications thereof, heretofore approved by the President and Board of Trustees and now on file in the office of the Village Clerk, and said funds shall be held for the benefit of said Village for the purposes herein provided and the benefit of the holder or holders of the bonds hereby authorized as their interests may appear, and said funds shall be withdrawn from said Depository from time to time by the Treasurer of the Village in accordance with a depository agreement hereafter to be authorized by resolution of the President and Board of Trustees of said Village and duly executed on behalf of the Village which said depository agreement shall provide, among other things, that disbursements from the Waterworks and Sewerage Construction Fund Account shall be made only upon submission by him to said Depository of the following:

- (a) A duplicate copy of the order of the President and Village Clerk stating specifically the purpose for which the order is issued and indicating that the payment for which the order was issued has been approved by the President and Board of Trustees of said Village; and
- (b) Each withdrawal of funds by the Treasurer for payment to a contractor or contractors for work done in connection with the construction of said project shall be accompanied by a certificate executed by the engineers in charge of the construction of said improvements and extensions to the combined waterworks and sewerage system, stating the nature of the work completed, the amount due and payable thereon that such work performed or material supplied was within the scope of the contract, that such work performed was done in an efficient manner

or that such material supplied was of proper quality, that the amount payable was within the contract price, and that sufficient funds remain together with the federal grant to be received from the United States Government to assist in the financing of the construction of the sewage treatment plant to complete the construction thereof.

Within sixty days after completion of the construction of the improvements and extensions to the combined waterworks and sewerage system in accordance with the plans and specifications thereto, hereinabove referred to in this ordinance, and after all costs have been paid in connection with the construction thereof, the engineers shall certify to the President and Board of Trustees of the Village the fact that the work has been completed according to said plans and specifications, and upon approval of the completion of the work based upon the engineer's certificates by the President and Board of Trustees, and after all costs have been paid, the Village President, Village Clerk and Engineer shall execute a certificate and file it with the Depository certifying that the work has been completed in accordance with said plans and specifications, that all costs have been paid, and if at that time any funds remain in said Waterworks and Sewerage Construction Fund Account the same shall be transmitted by said Depository to the Treasurer of said Village and be by said Treasurer deposited in the Bond Reserve Account until such account aggregates the sum of \$20,000.00, and all excess over and above the amount necessary to be paid into the Bond Reserve Account shall be transferred and paid into the Depreciation and Contingencies Account.

Section 20. The books of the Village Treasurer shall show the amount of moneys received from the proceeds of said bonds, and the expenditure of such funds for the purposes set out in this ordinance upon estimates and bills to be approved by the President and Board of Trustees except as herein otherwise provided.

Section 21. If any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this ordinance.

Section 22. All ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this ordinance are to the extent of such conflict hereby repealed.

Section 23. That within ten (10) days of the passage of this ordinance by the President and Board of Trustees of the Village and its approval by the President, this ordinance shall be published once in the NEWS-BULLETIN, the same being a newspaper published in and having a general circulation in the Village of Mokena, and if no petition is filed with the Clerk of said Village within twenty-one (21) days after the date of the publication of this ordinance signed by electors numbering fifteen per cent (15%) of the number of electors voting for President of the said Village at the last preceding general municipal election, requesting the submission to the electors of said Village of the question of constructing the improvements and extensions to the combined waterworks and sewerage system of said Village and issuing the bonds herein provided for, then this ordinance shall be in full force and effect.

PASSED by the President and Board of Trustees of the Village of Mokena on the 3rd day of September, 1957; recorded, deposited and filed in the office of the Village Clerk of said Village this 3rd day of September, 1957.

APPROVED this 3rd day of September, 1957.

JAMES MARTI, President

FRANKFORT

Mrs. Katharine Heisner
Frankfort 5187

Carl Hollstein has returned to the home of his parents, Mr. and Mrs. Milton Hollstein after serving in the army. He was stationed at Ft. Lewis, Wash., and enroute home he spent several days with Mr. and Mrs. Charles Hollstein at Beach, N. Dakota.

The Senior Youth Fellowship of St. Peter's church was entertained Sunday at the home of Mr. and Mrs. Burton Breidert. This was their first meeting after the summer vacation and in connection with this, they had a splash party and weiner roast.

Mr. and Mrs. Henry Breidert entertained relatives and friends at an outdoor grill party at their home in Briar Woods, Monday.

Mr. and Mrs. Walter Bettenhausen were among those from here who attended the triple birthday celebration of Mr. and Mrs. Albert Bettenhausen and son of Lincolnwood last Sunday.

Last Wednesday Mr. and Mrs. Charles Mark, and son, Gerald, Miss Dora Schellhase and Mr. and Mrs. Henry Mark motored to Three Rivers, Mich., and spent the day with Mr. and Mrs. Herbert Bixler and daughters.

Mrs. Ben F. Day and daughter Debbie were guests of her parents Mr. and Mrs. Gordon Telfer at Morris for several days last week.

Mr. and Mrs. Elmer Batson and son, Elmer, have moved over the week-end into the lower apartment of her mother's, Mrs. Anna Scheer's home on Maple street.

Mr. and Mrs. Dan Hecht entertained relatives at their home last Friday evening at a hamburger fry in honor of their son, Gary, who celebrated his first birthday.

Mr. and Mrs. Alvin Harnack visited with her brother, Adam Heisner at Peotone recently, who is ill in his home.

Mrs. Henry Breidert entertained at a luncheon last Friday in honor of Miss Viola Lankenau, Mrs. Lawrence Woodman and Mrs. William Wilson. Other guests were Mrs. W. V. Hedges, Mrs. George Heisner, Mrs. Fred Kohlhausen, Mrs. Herbert Lambrecht, Mrs. Edward Warning, Mrs. Elizabeth Wischover, Mrs. Burton Breidert and Mrs. Joe Scott and Mrs. Ernest Pfeiffer of New Lenox and Mrs. Herman Munk.

Miss Ruth Minger, Misses Leatric and Loretta Johnson of Monee spent a week's vacation recently touring thru Michigan, Wisconsin and other places of interest recently.

Mr. and Mrs. Dwight Holthousen and family of Aurora were guests Sunday in the Walter Schoen home.

LINCOLN ESTATES

Mrs. Emil Wille
Frankfort 3161

Miss Patricia Guth, daughter of Mr. and Mrs. Edward Guth spent ten days vacationing at Chicago with friends.

Games night at St. Anthony's church has been changed to Sunday. The next one will be Sept. 8 at 7 p.m.

Mr. and Mrs. Robert Wheeler spent last Tuesday on the campus of Northeastern university where their son Dennis will be a student this fall.

Mr. and Mrs. Emerth Boyden entertained Mr. and Mrs. Jerry McLean of Crown Point, at dinner Monday evening.

Sharon Flora is spending her vacation with relatives in Chicago.

On account of the Labor day holidays the next meeting of the Will County Auxiliary police will be held Sept. 15 at the Ann Rutledge school.

Limestone still pays more than any one single ingredient applied to Illinois soils. Don't be afraid to apply plenty.

LINCOLNWOOD

Delores Anderson,
phone 3651 New Lenox

Bruce and Jane Hollenbeck have returned home after spending the summer months at Fish Lake near LaPorte, Ind. with their aunt, Mrs. Fred Marshall. Mr. and Mrs. Herbert Hollenbeck of Chicago are spending a few weeks here with their son, the Hollenbecks.

Jim and Dick Erdman have returned to their home at Sparta, Wis., after spending a few days here with their aunt and uncle, Mr. and Mrs. Robert Taylor and family. Mrs. Taylor's mother, Mrs. W. G. Ascott of Aurora, spent a few days here with them also.

Pack 41, Cub Scouts will meet Friday night, Sept. 6 at an outdoor meeting at Van Horn woods at 7 o'clock. In case of rain the meeting will be held in the Schmuhl school.

NEW LENOX

Delores Anderson
Phone 3651

The New Lenox Toastmasters club will meet Monday night Sept. 9 for a 7 o'clock dinner in the Methodist church. Toastmaster for the evening will be William Clark; Paul Kauffman will be the topicmaster and the speakers will be Stanley Gilmore, Ernest Hofer, Lewis Loebe, Kenneth Tauber, and John Richison.

Miss Marie Robinson returned to her home at Kent City, Mich. last Wednesday after spending the past two months here with the Harvey Frick family, and the Ronald Crismans in Lincolnwood. Mr. and Mrs. Frick motored to Kent City, to take her home.

The Baptist mission services that have been held each week at the Lions Den, have been discontinued.

The New Lenox Garden club will meet Thursday afternoon, Sept. 5 at the drug store at one o'clock to journey to the home of Mrs. Albert Zemeske at Mokena. Mrs. Roy Fitzer and Mrs. Lawrence Carlson will be the assisting hostesses. The program on nature pictures will be given by Mrs. Zemeske.

JoAnn Flannigan has returned to her home in Chicago after spending two weeks here with her grandmother, Mrs. Bea Mann on Prairie road.

Mr. and Mrs. Len Anderson, and Dotte, Dale and Don, spent the weekend with her parents, Mr. and Mrs. A. W. Walsh, at Saugatuck, Mich. Dale, who spent last week with his grandparents returned home with his family Monday night.

Mr. and Mrs. Edward L. Walsh, and Mr. and Mrs. Wilbur Walsh and son Allen, returned Monday from a week's vacation. They took a trip around Lake Michigan, up the Wisconsin side, crossing the Mackinac straits, and drove down on the Michigan side, where they were joined at St. Joseph, Mich. by Mr. and Mrs. Roy Minger and sons Skippy and John. They visited with the A. W. Walsh's at Saugatuck before returning home.

The Homemakers group of the local PTA will meet Thursday, Sept. 19 for an evening meeting at 7:45, in the home of Mrs. Sam Carr on Prairie road. Mrs. Frank Zanor will be assisting hostess.

Miss Janet Wise was ill in her home last week.

The Woman's Guild of Grace Episcopal church will sponsor their annual ice cream social at the church parish hall Sunday, Sept. 8.

The New Lenox Parent Teacher association will hold their first meeting of the new school term, Tuesday, Sept. 10 in the Haven school at 7:45 pm. Speaker for the evening will be Attorney Stuart C. Kroesch of Joliet, who will talk on "My Leading Lady." There will also be a 4H club style show given by the local 4H clubs. The PTA executive board held their first meeting of the year Tuesday night, Sept. 3 in the school.

Mr. and Mrs. Leonard Warn-

ing and sons John, Kurt and Karl, and Mrs. John Warning returned home Wednesday night from a 17 day trip thru the west, in which they drove 6600 miles. After completing this trip Mr. and Mrs. Warning have now visited every state in the United States. On this trip they covered nine states, and the most interesting places they visited were: Glacier National Park in Montana; Lake Louise at Banff, Canada, and the Columbian Ice Fields in Jasper Park, also in Canada, where they enjoyed riding the Snomobiles, also Spokane, Wash., Grand Coulee Dam, Seattle, Wash. where they visited the Navy yards; Mt. Rainier, the beautiful drive along the Columbia river, where they stopped at Bonneville Dam to see the Salmon fish ladders; Sea Lion caves along the ocean in Oregon, where they saw several herd of Sea Lions; and Crater lake in Oregon. They stopped at the Craters of the Moon National Monument in Idaho, drove on to Yellowstone National park where they spent a day, stopped at Devils Tower and saw the Prairie Dog town on the way to the Black Hills. After visiting the Badlands in South Dakota they started for home.

Illinois Apple Crop to Exceed 2-Million Bu.

Southern Illinois Apple Growers are beginning harvest of a fall apple crop that should exceed 2,000,000 bushels before the harvest is complete. Ideal weather conditions of the past few months and particularly the cool nights these past few weeks gives promise of exceptionally fine fruit quality and size.

Jonathans are now being harvested in limited volume in Southern Illinois with growers expecting to move into full volume Jonathan harvest by Sept. 1. Jonathans will be followed by Golden Delicious, Starking, Red Delicious, Rome Beauty, Stayman, Turley, Wine-sap, Willow Twig and a number of other popular varieties.

Jonathans Look Good

With some growers now harvesting Jonathan in Southern Illinois it appears that the season is a few days earlier than normal. The harvesting period will extend from now until late October in Northern Illinois with all areas of the state reporting a near full crop in all orchards. Northern Illinois growers in the Rock Island, Peoria, Chicago area have one of the finest crops grown in several years. Growers in the area of Adams, Pike, Jersey, Calhoun counties and other areas on the same latitude across the state also report an exceptionally fine crop. Southern Illinois growers indicate that their crop will be a little below normal in volume but will be of fine quality. Volume might be increased by fine sized fruit.

Apple Festivals Planned

Plans are being made for two Illinois apple festivals in September. The Murphysboro Apple Festival held at Murphysboro will run from Sept. 12 thru the 14th featuring parades, window displays, pie baking contests, drum and bugle corps, professional entertainers and many other events and features.

The second festival will be held at Hardin, Sept. 23 and 24. The Calhoun county apple festival is the oldest in the state and each year draws thousands of people in to the picturesque river town for the gala event. Parades, apple displays, queen contests and a carnival air dominates the town for the two day event.

Early Days of Motoring to Live Again Saturday

The early days of motoring will live again at Greenfield Village on Saturday, Sept. 7. The occasion is the Seventh Old Car Festival, an annual

event for nostalgic-minded person who collect and restore old automobiles and those who like to look at them.

The all-day affair is expected to attract a record 250 entries this year from throughout the midwest, New York, Pennsylvania and other eastern states. The cars, for both judging and competitive events, will be divided into two classes, 1899-1916 and 1917-1925. Only through 1925 are eligible.

Will Start With Parade

Grand championships, based upon accuracy of restoration and appearance, will be awarded in each class.

Alan R. Symonds, curator of transportation at the Henry Ford Museum and general chairman for the festival, said the events will get under way at noon with a parade through Greenfield Village.

Contests to entertain the spectators and judging will follow. The contests will include cranking, coasting, balancing, drag races and slow driving.

A gaslight parade of the antique cars through the Village and an awards dinner in Lovett Hall will conclude the affair.

Cooperating with the Village in staging the Festival are the Flint (Mich.) Chapter of the Veteran Motor Car Club of America, the Horseless Carriage Club, and the Antique Car Club of America.

Sept. 12 Date of Registration At Chicago U. of I.

Registration for the full semester at the Chicago undergraduate division of the University of Illinois will begin Thursday, Sept. 12. An orientation period for new students will be conducted during the preceding week.

H.E. Temmer, examiner and recorder predicted an enrollment of 4,000; the same as last year. He said that 22 per cent, or 900, will be co-eds and 20 per cent, or 800, will be veterans.

Temmer urged all new students to get their applications and transcripts to the university as soon as possible.

UIC offers the first two years work in liberal arts, commerce, engineering, and physical education, as well as courses in architecture, architectural engineering, teacher training and nursing education.

Classes begins Monday, Sept. 16.

Lockport, Ill.

Rockwood Once A Busy Port--- But Now the River Has Moved Away

JOHN W. ALLEN

Southern Illinois University

An odd assortment of papers recently given to the writer by Clyde Smith of Carbondale contained several lists of produce shipped by steamer from the river port of Rockwood in Randolph county. Most of these shipping bills are dated in 1857, when the village stood on the Mississippi river bank. Perhaps it would be more nearly correct to say that the river then flowed beside the village rather than a mile or more away as it now does. The village remains at the same location. It is the river that has moved.

Rockwood has always aroused keen interest. A look at the old papers revived that interest. It was found that the village has had three names. First it was called Jones Creek for a man named Emsley Jones, a very early settler in the area. Next it was Liberty for the island of that name in the river. The island in turn had gotten its name because it was used by Negroes fleeing from slavery in the state of Missouri. At one time the village bore both names, Jones Creek being the name of the post office and Liberty that of the river port. About 1860 both names gave way to that of Rockwood.

A Big Wood Yard

The first part of the new name came from the rocky bluff alongside and back of the one street village. The latter part of it came from the fact that this was a great woodyard, supplying fuel to steamboats. In 1857 three men were listed as wood dealers, men who bought cordwood and sold it to passing steamers. Rockwood was then one of the largest woodyards on the river, selling as much as \$10,000 worth of wood to passing boats each year. At the price then current, this would represent 100 or more cords each day, enough to make an ordered rick four feet wide, four feet high and 800 feet long, a lot of wood for one day's supply.

In 1855 a group of local men began construction of a flour mill that was completed and began operation in 1856. Partially destroyed by fire in 1863, it was rebuilt at a cost of \$20,000. It was a three story building of cut stone with a brick smokestack 60 feet or more tall. This mill had a capacity of 250 barrels a day, then considered a large commercial mill.

The opening of the Rockwood mill brought several business and professional men to the town. Among those coming were ten coopers and helpers to make the loose barrels for the flour, three millers and a number of laborers. It caused farming to take on more importance, since much of the wheat needed by the mill was grown in the surrounding countryside. Additional needed wheat was brought to the mill by boat.

When first built, the Rockwood mill was conveniently located. The barrels of flour could be rolled from the mill to the waiting boats. Wheat likewise could be unloaded easily. After 1880, the river began to shift its channel and now is more than a mile away. The inconvenience and added labor resulting from this shift of the river channel caused the milling operations to be less profitable. After several years, operations ceased. The tall square brick smokestack and bits of the stone walls, both alike vinecovered, remain to mark the site of the once flourishing industry.

Fresh Eggs?

At the time when the village was most prosperous, its population was about 300. It was claimed to be the largest corn market in Randolph county. Some thought that it would become a business rival of Chester. Old bills of lading and shipping records indicate that Rockwood shipped much fruit and other farm products in season. Much of this went to the St. Louis vicinity and to New Orleans. One may wonder concerning the condition of "barrels" of eggs shipped to New Orleans in June 1857. Perhaps refrigerated shipment had begun on river boats.

A list of the business and

professional men in Rockwood in 1857 indicates that there were five dry goods stores, two grocery stores, four blacksmiths, one boot and shomaker, one dressmaker, one tailor, one plasterer, two school teachers and three physicians. There was one chair maker, Tutill, whose product is even yet sought by collectors. There was a large hotel, a wagon shop, a schoolhouse and one or more churches. There was considerable river traffic. Many merchants having stores at a considerable distance came here to receive shipments of goods. One coming from as far away as Red Bud.

In pre-Civil War days, Rockwood was a crossing place for runaway slaves from Missouri. One of the "stations" of that ground Railroad was at a farm-mysterious and muted Underhouse, recently standing, a short distance along the roadway toward Sparta. Fragmentary documents and a vanishing tradition intrigue the curious.

Despite a century of time, several of the old buildings are substantial. Others are falling into decay. Parts of stone foundations, chimney bases, rock-walled wells, from old stone slab walkways, and retaining walls indicate the site of vanished homes. Knowing a bit of story, a pause in Jones Creek-Liberty-Rockwood, will prove interesting.

Youth to Play Important Part In Dairy Show

Boys and girls will have an active role at the coming International Dairy show, world's largest dairy cattle exhibition, which has a 7-day run in Chicago's International Amphitheatre Oct. 9 to 15.

Opening day, Wednesday, is designated as "Youth Day" at the International, with six breeds of top dairy purebreds being shown by farm boys and girls who own them. Fitted to near perfection, the cattle will parade before judges who will later place the same breeds in the open classes for adult exhibitors.

The breeds show are Jerseys, Holsteins, Guernseys, Ayrshires, Brown Swiss and Milking Shorthorns. The cattle in the junior show represent 4-H club and vocational agriculture projects of their young owners.

Jersey Junior Show

The American Jersey Cattle club has designated the showing of their breed in the junior show as the National Jersey show, the first national event of its kind ever held, with extra prize money donated by the club for the showing of state herds which are made up by groups of boys and girls from the various states. All breeds will have a class for state herds in both adult and junior competitions.

Judging contests which test the skill of pre-college youngsters and young men and women of college age in placing both dairy cattle and dairy products will be a pre-show affair on Tuesday, Oct. 8. These are the 4-H and collegiate dairy cattle judging contests and the collegiate dairy products judging contest. In the latter, dairy science college students judge milk, butter, cheese and ice cream. All participants will be honored at an awards banquet

in the famed Saddle and Sirloin club at the Chicago Stock Yards.

Expect Big Attendance

Outstanding 4-H club boys and girls from 18 states, who are enrolled in dairy projects in their local clubs, will have a 5-day stay at the show and in Chicago. They make up the 3rd annual 4-H dairy conference and tour.

Thruout the show week, farm youth groups are expected to swell rural attendance at ring-side and in the halls of the big Amphitheatre, world's largest exhibition building. In the evening they will attend performances of the International "Golden Spurs" championship rodeo which stars Rex Allen. The rodeo runs daily thru the of TV, radio and cinema fame-dairy show to Oct. 20.

Colorado Puts Ton-Mile Tax On All Trucks

Colorado's insistence on collecting a ton-mile tax on all trucks operating in Colorado has resulted in a break in reciprocal relations with that state and Illinois, Secretary of State Charles F. Carpentier said today.

This termination of reciprocity by Colorado applies only to trucks and other vehicles of the second division, Mr. Carpentier said. Reciprocity on passenger vehicles will continue uninterrupted.

Colorado truck operators are charged. The charges have not been made previously in the hope that a satisfactory reciprocal agreement could be reached with Colorado, Mr. Carpentier said.

Illinois is Obliging

The Secretary of State is authorized by the Motor Vehicle Law to enter into reciprocal agreements with other states for the mutual benefit of the residents of those states. Generally, those agreements extend full operating privileges between states to all vehicles properly licensed in their home state.

Colorado offered to waive its \$17.50 plate fee and its specific ownership tax, but would not waive the ton-mile tax, Secretary Carpentier said, and would expect Illinois to waive collection of its license fees based on the weight of the vehicles.

On the largest unit licensed, a tractor and semi-trailer of 72,000 pounds and one year old, this would mean Illinois would waive a license fee of \$1,139,

while Colorado would waive only the plate fee of \$17.50 and the specific ownership tax which would amount to about \$217, for a total of about \$235, Secretary Carpentier pointed out.

Colorado would then collect a ton-mile tax from Illinois-licensed vehicles operating in Colorado, but Illinois would collect nothing from Colorado-licensed vehicles operating in Illinois, Carpentier said.

Salt content of the Great Salt Lake is high because there is no outlet. The lake loses water only through evaporation, leaving only the salt.

Toastmasters Meet Monday, Sept. 9

The next meeting of the Tinley Park Toastmaster club 2551 will be held in the Municipal building at 8:30 pm. Sept. 9. President George Novick extends an invitation to guests who would like to attend.

At the last meeting Aug. 26, Ed Hite served as toastmaster and speeches were presented by Messrs. Harold Brown, Tom Racine and Frank Jeffords.

Congressmen are not required by law to attend any session of Congress.

are you a "SHINGLE CHASER"?

Blustery weather and driving rains can slash at a PERMA-WELD roof, and they won't budge a shingle, because—PERMA-WELD SELF-SEALING SHINGLES are made to stay down.

Strips of powerful thermo-plastic adhesive dotted at intervals along each shingle hold down the tabs in a vise-like grip. Normal spring and summer temperatures release the powerful adhering action, welding the shingles together to form a durable sealed roof.

Extra protection is provided, too, by allowing easy drainage of accumulated moisture between the tabs due to extreme changes of weather. No moisture is trapped under the shingle tab to cause trouble or deterioration.

Enduring beauty is yours with the large range of pastels and blends, making the PERMA-WELD roof a matter of pride to the most discriminating home-owner.

Economy in years of repair-free service can be had with this remarkable shingle resulting from more than a third of a century of roofing experience by the manufacturer. Stop in today. See the wide range of colors and shades available. Let us PROVE the economy and wisdom in asking for PERMA-WELD.

If you are in need of a new roof, call us

2 Boulders to Mark Experimental Work on A-bomb in Palos Woods

(CNS)—Two boulders to mark historic major experimental work on the atom bomb and atomic energy in the Palos forest preserve will be placed there by the atomic energy commission.

Approval has been by the county board.

The federal government leased about 1,000 acres in the forest preserve as a top secret project in 1942. The Argonne National laboratory was located there until facilities were moved to DuPage county north of Lemont in 1956.

Original laboratory tests of the atomic bomb were conducted by the University of Chicago underneath the stands at Stag field, but were moved to the forest preserve site for safety purposes.

The laboratory occupied only 20 acres of the preserve, the balance set off as a buffer zone for security purposes. The site is on the south side of Archer ave., about one-half mile east of Route 83.

First Reactor

The inscription on one boulder will read:

"The world's first nuclear reactor was rebuilt at this site in 1943, after initial operation at the University of Chicago. This reactor (CP-2) and the first heavy water moderated reactor (CP-3) were major facilities around which developed the Argonne National Laboratory. This site was released by the Laboratory in 1956, and U. S. Atomic Energy Commission then buried the reactors here."

A large rough Rielite boulder has been selected for this marker. It has a rustic, brownish appearance.

Another Rielite boulder, but smaller, will be placed about 1,000 feet away and will mark what the AEC referred to as the "graveyard."

Here are buried some 40 feet deep all possible radioactive waste materials and remains of animals used in experiments.

No Digging

The graveyard marker will carry this inscription:

"DANGER - DO NOT DIG
"Radioactive materials were buried in this area by the metallurgical laboratory and the Argonne National Laboratory from 1943 to 1949. The burial area is outlined by the six corner markers, 100 feet from this center point."

The communication asking permission to erect the markers was received from J. J. Flaherty, manager of the AEC Chicago operations office, Lemont.

Charles G. Sauers, general superintendent of the forest preserve district, said the area will be developed as a picnic ground.

Chased Ryan

The federal government used the land at no charge but paid the county \$46,000 in 1956 to tear down buildings and clear the area.

The atomic energy program in 1942 was so secret that the commission didn't know "what was going on until after the war," said Daniel Ryan, county board president, then commissioner.

"No lease was signed. The proposal didn't go thru the the county board," said Ryan.

"Why, I went out there once and was chased away by a guard. I told him, 'Well, I'm a commissioner' and he sternly answered, 'This is government property. Keep out.'"

Enjoins Oil Company From Weekly Drawing

(CNS)—A Northwest side gas station operator has won an injunction stopping an alleged lottery conducted by Martin Oil Service Co.

He is Louis Spasojevich, 128 Irving Park Road, Wood Dale, operator of Lou's and Wally's Phillips 66 Gas Station at 3001 N. Harlem ave., Chicago. Superior Judge Samuel Epstein entered the order Tuesday of last week.

Spasojevich thru his attorney James L. Griffin, asked Martin Oil Co. be enjoined from continuing the lottery before he "and other similarly situated

lose their businesses and livelihood, and cutthroat, illegal competitive practices spread thruout the area."

Agrees to Injunction

Martin Oil Co. agreed to a permanent injunction Tuesday afternoon if Judge Epstein would allow them to hold the scheduled drawing that night in Peoria. Earlier the judge had signed a temporary injunction which stopped the drawing and any other drawings until the validity of the alleged lottery had been determined in a hearing this fall.

Griffin contended that the Martin company's offer of a new car or \$2,000 each week to lottery winners violated the law

and the Illinois constitution.

Attorney William Treacy, representing Martin, said there were no Martin stations within 30 blocks of the gas station operated by Spasojevich, and could not see how Martin was in competition with him.

Griffin contends gas stations within a 12 mile radius are in competition with each other.

"Your Town Calls" Begins Third Year At Tinley Park

"Your Town Calls", a welcoming service to new residents, began its third year of operation in Tinley Park last July.

Of interest to newcomers, besides the gifts donated by local merchants, is a monthly award.

The first such award was given by the Bellante Insurance Agency. Mrs. Donald Hoitsma was presented with a 12-cup

carafe and warmer.

Monthly gifts are a surprise and are given by "Your Town Calls".

Early New England women bleached their sheets by spreading them with sour milk and putting them in the sun.

Decorator's Notebook

by Alicia Joyce

New Collection Boasts Beauty of Teak

Teak — exotic in beauty, but no longer in price — is an oriental wood being used ever more widely to fashion furniture for American homes.

Because of its great strength and toughness as well as its highly distinctive grain pattern, it has always been a principal furniture wood in Burma, Java, East India and French Indo-China where the teak tree grows. It can never be as generally available as mahogany which must also be imported, for the true mahoganies come only from tropical America and Africa where there are considerable stands of large trees. In contrast to mahogany's pink-tinged brown luster and medium pores, teak is tawny yellow with a texture almost as "masculine" as oak.

The cedar lined storage pieces illustrated above are part of a coordinated group of bedroom and dining room furniture and living room tables with a Danish feeling to them.

Thanks to matching dimensions, two pieces placed side by side, as above, provide a single, smooth surface. And the fronts are exceptionally interesting to the eye. Note the direction of the dark streaks, so characteristic of teak, and you'll see that the grain in one runs horizontally, in the other, vertically. Further, in the cabinet, the teak is "book-

matched"—that is the grain pattern is so joined that it forms a complete, delightfully abstract "figure" on each door. In the chest, the grain pattern is used "at random" (slip-matched), but great verve is attained because the swoop of the grain is reversed on the bottom drawer.

Wood beauty like this is possible in volume today because of "bonded wood" construction. This revolutionary method of the ancient art of veneering gives flat wood areas great stability and strength. These bonded surfaces permanently retain their place and their beauty. The pulls are as romantic in sound and history as teak. Easily grasped shafts, they are carved out of rosewood. Used as an accent, their darker wood contributes to the harmony of the total design — in which metal pulls, for instance, could look garish.

Casually tapered hardwood legs are firmly braced with supporting stretchers, fashioned in a favored modern manner that adds a feeling of lightness as well as strength to substantial pieces such as these. In accord with the best in modern design, nowhere here is there a hint of superfluous ornamentation. Instead, factors of function and convenience are amply provided — and express in lines of greatest simplicity and in the enduring beauty of natural hardwoods.

LINCOLNWOOD

Dolores Anderson,
phone 3651 New Lenox

Bruce and Jane Hollenbeck have returned home after spending the summer months at Fish Lake near LaPorte, Ind. with their aunt, Mrs. Fred Marshall. Mr. and Mrs. Herbert Hollenbeck of Chicago are spending a few weeks here with their son, the Hollenbecks.

Jim and Dick Erdman have returned to their home at Sparta, Wis., after spending a few days here with their aunt and uncle, Mr. and Mrs. Robert Taylor and family. Mrs. Taylor's mother, Mrs. W. G. Ascott of Aurora, spent a few days here with them also.

Pack 41, Cub Scouts will meet Friday night, Sept. 6 at an outdoor meeting at Van Horn woods at 7 o'clock. In case of rain the meeting will be held in the Schmuhl school.

NEW LENOX

Dolores Anderson
Phone 3651

The New Lenox Toastmasters club will meet Monday night Sept. 9 for a 7 o'clock dinner in the Methodist church. Toastmaster for the evening will be William Clark; Paul Kauffman will be the topicmaster and the speakers will be Stanley Gilmore, Ernest Hoefer, Lewis Loebe, Kenneth Tauber, and John Richison.

Miss Marie Robinson returned to her home at Kent City, Mich. last Wednesday after spending the past two months here with the Harvey Frick family, and the Ronald Crismans in Lincolnwood. Mr. and Mrs. Frick motored to Kent City, to take her home.

The Baptist mission services that have been held each week at the Lions Den, have been discontinued.

The New Lenox Garden club will meet Thursday afternoon, Sept. 5 at the drug store at one o'clock to journey to the home of Mrs. Albert Zemeske at Mokena. Mrs. Roy Fitzer and Mrs. Lawrence Carlson will be the assisting hostesses. The program on nature pictures will be given by Mrs. Zemeske.

JoAnn Flannigan has returned to her home in Chicago after spending two weeks here with her grandmother, Mrs. Bea Mann on Prairie road.

Mr. and Mrs. Len Anderson, and Dotte, Dale and Don, spent the weekend with her parents, Mr. and Mrs. A. W. Walsh, at Saugatuck, Mich. Dale, who spent last week with his grandparents returned home with his family Monday night.

Mr. and Mrs. Edward L. Walsh and Mr. and Mrs. Wilbur Walsh and son Allen, returned Monday from a week's vacation. They took a trip around Lake Michigan, up the Wisconsin side, crossing the Mackinac straits, and drove down on the Michigan side, where they were joined at St. Joseph, Mich. by Mr. and Mrs. Roy Minger and sons Skippy and John. They visited with the A. W. Walsh's at Saugatuck before returning home.

The Homemakers group of the local PTA will meet Thursday, Sept. 19 for an evening meeting at 7:45 in the home of Mrs. Sam Carr on Prairie road. Mrs. Frank Zanol will be assisting hostess.

Miss Janet Wise was ill in her home last week.

The Woman's Guild of Grace Episcopal church will sponsor their annual ice cream social at the church parish hall Sunday, Sept. 8.

The New Lenox Parent Teacher association will hold their first meeting of the new school term, Tuesday, Sept. 10 in the Haven school at 7:45 pm. Speaker for the evening will be Attorney Stuart C. Kroesch of Joliet, who will talk on "My Leading Lady." There will also be a 4H club style show given by the local 4H clubs. The PTA executive board held their first meeting of the year Tuesday night, Sept. 3 in the school.

Mr. and Mrs. Leonard Warn-

ing and sons John, Kurt and Karl, and Mrs. John Warning returned home Wednesday night from a 17 day trip thru the west, in which they drove 6600 miles. After completing this trip Mr. and Mrs. Warning have now visited every state in the United States. On this trip they covered nine states, and the most interesting places they visited were: Glacier National Park in Montana; Lake Louise at Banff, Canada, and the Columbian Ice Fields in Jasper Park, also in Canada, where they enjoyed riding the Snomobiles, also, Spokane, Wash., Grand Coulee Dam, Seattle, Wash. where they visited the Navy yards; Mt. Rainier, the beautiful drive along the Columbia river, where they stopped at Bonneville Dam to see the Salmon fish ladders; Sea Lion caves along the ocean in Oregon, where they saw several herd of Sea Lions; and Crater lake in Oregon. They stopped at the Craters of the Moon National Monument in Idaho, drove on to Yellowstone National park where they spent a day, stopped at Devils Tower and saw the Prairie Dog town on the way to the Black Hills. After visiting the Badlands in South Dakota they started for home.

Illinois Apple Crop to Exceed 2-Million Bu.

Southern Illinois Apple Growers are beginning harvest of a fall apple crop that should exceed 2,000,000 bushels before the harvest is complete. Ideal weather conditions of the past few months and particularly the cool nights these past few weeks gives promise of exceptionally fine fruit quality and size.

Jonathans are now being harvested in limited volume in Southern Illinois with growers expecting to move into full volume Jonathan harvest by Sept. 1. Jonathans will be followed by Golden Delicious, Starking, Red Delicious, Rome Beauty, Stayman, Turley, Wine-sap, Willow Twig and a number of other popular varieties.

Jonathans Look Good

With some growers now harvesting Jonathan in Southern Illinois it appears that the season is a few days earlier than normal. The harvesting period will extend from now until late October in Northern Illinois with all areas of the state reporting a near full crop in all orchards. Northern Illinois growers in the Rock Island, Peoria, Chicago area have one of the finest crops grown in several years. Growers in the area of Adams, Pike, Jersey, Calhoun counties and other areas on the same latitude across the state also report an exceptionally fine crop. Southern Illinois growers indicate that their crop will be a little below normal in volume but will be of fine quality. Volume might be increased by fine sized fruit.

Apple Festivals Planned

Plans are being made for two Illinois apple festivals in September. The Murphysboro Apple Festival held at Murphysboro will run from Sept. 12 thru the 14th featuring parades, window displays, pie baking contests, drum and bugle corps, professional entertainers and many other events and features.

The second festival will be held at Hardin, Sept. 23 and 24. The Calhoun county apple festival is the oldest in the state and each year draws thousands of people in to the picturesque river town for the gala event. Parades, apple displays, queen contests and a carnival air dominates the town for the two day event.

Early Days of Motoring to Live Again Saturday

The early days of motoring will live again at Greenfield Village on Saturday, Sept. 7. The occasion is the Seventh Old Car Festival, an annual

event for nostalgic-minded person who collect and restore old automobiles and those who like to look at them.

The all-day affair is expected to attract a record 250 entries this year from throughout the midwest, New York, Pennsylvania and other eastern states. The cars, for both judging and competitive events, will be divided into two classes, 1899-1916 and 1917-1925. Only through 1925 are eligible.

Will Start With Parade

Grand championships, based upon accuracy of restoration and appearance, will be awarded in each class.

Alan R. Symonds, curator of transportation at the Henry Ford Museum and general chairman for the festival, said the events will get under way at noon with a parade through Greenfield Village.

Contests to entertain the spectators and judging will follow. The contests will include cranking, coasting, balancing, drag races and slow driving.

A gaslight parade of the antique cars through the Village and an awards dinner in Lovett Hall will conclude the affair.

Cooperating with the Village in staging the Festival are the Flint (Mich.) Chapter of the Veteran Motor Car Club of America, the Horseless Carriage Club, and the Antique Car Club of America.

Sept. 12 Date of Registration At Chicago U. of I.

Registration for the full semester at the Chicago undergraduate division of the University of Illinois will begin Thursday, Sept. 12. An orientation period for new students will be conducted during the preceding week.

H.E. Temmer, examiner and recorder predicted an enrollment of 4,000; the same as last year. He said that 22 per cent, or 900, will be co-eds and 20 per cent, or 800, will be veterans.

Temmer urged all new students to get their applications and transcripts to the university as soon as possible.

UIC offers the first two years work in liberal arts, commerce, engineering, and physical education, as well as courses in architecture, architectural engineering, teacher training and nursing education.

Classes begins Monday, Sept. 16.

MAURICE P. ANGLAND

In June personal income reached a seasonal adjusted rate of \$343.8 billion, a figure representing a new record high and a five per cent gain over the comparable period of last year. Personal incomes have set new highs every month since June, 1956, with the exception of July of last year when a nominal drop of less than one half per cent was shown.

However, retail trade, whose direction is historically determined by the trend of personal income, has remained fairly static in this period of an upward trend. The fact is that June retail sales were slightly below a year ago after adjustment for seasonal factors.

The explanation for this divergent action rests in the fact that consumer expenditures for services such as housing, transportation, recreation, etc., are rising at a faster rate than is personal income. A contributing factor is that banks and other savings institutions and investment records show a definite uptrend in personal savings.

Retailers have Problems

On this basis there is scarcely a good reason to consider department store equities as attractive investment vehicles at this time. The position of the department store group is even clearer when it is considered that in addition to not getting a "fair share" of the consumer's dollar, the department store industry is plagued with their own particular sales problems. For example, other type merchandisers are duplicating some of their lines; discount houses are springing up and flourishing; and population trends are forcing investment in new suburban stores leaving the fate of large city units up in the air.

Additionally, the wage spiral has spun decidedly against department store operators and profit margins are narrowing. Minimum wage laws could be more harsh on department stores than many other types of business as there are several seasonal periods when they need extra and temporary help. In most instances this help needs little special training and the stores often secured this help with payment of minimum wages.

Two Doing Well

There are two organizations which have better prospects than the average department store situation. They are Sears & Roebuck and Montgomery Ward. Montgomery Ward has been very much neglected by day to day retail publicity.

As of the first of 1957, Montgomery Ward had cash or its equivalent of \$198 million and total current assets of \$702 million with current liabilities of only 90.2 million. Sears and Roebuck is the second largest of the country's retail organizations with total sales of more than \$3 billion (A & P is first). Montgomery Ward was sixth with sales of slightly more than \$1 billion.

Ward Going Strong

The new Ward management is aggressive and expanding both the mail order and retail outlets. Recently the company purchased the Fair Store of Chicago and its four suburban shopping area outlets. The Fair Store had been for sale for some time and its purchase by Ward's is said to have been on a basis of 50 per cent of its book value. There are other such well located department stores which can be purchased on a like basis due to the fact that owners of such properties are not getting a return on their invested capital equal to what they could get otherwise. These stores could be made to fit into the merchandising plans of Wards.

Wards common yields about 6 per cent at present market price and net current assets are equivalent to about \$48 per share as against a market value of about \$37.00 per share. Institutions investing in this stock are now 181 which is very large comparatively.

MARLEY

Mrs. Virginia Sass
New Lenox 3133

The Marley Woman's club will hold their first meeting of the new club year Thursday afternoon, Sept. 12 in the home of Mrs. William Dudlick, Mrs. John Peniniak will be the hostess. The meeting will begin at 1:30 o'clock with the new president, Mrs. Charles Elliott, in charge.

The fall business meeting of the Marley church will be held after church services Sunday, Sept. 8. A pot luck dinner will be served at noon.

Mrs. Mary Marshall spent the Labor Day week-end with friends near Plainwell, Mich.

The Mother's club of the Had-

ley school will hold their first meeting of the season Wednesday evening, Sept. 11. The new president, Mrs. Don Reid, will open the meeting.

Mr. and Mrs. Charles Sass and family entertained at a fish fry in their home Sunday evening. Loren Sass was honored as the occasion also marked his birthday. Guests were Mrs. Vivian Morton of Joliet, Mr. and Mrs. Louis Sass, Mr. and Mrs. Daniel Sass and Mr. and Mrs. Loren Sass and daughters, Verdar and Cheryl.

Mr. and Mrs. Robert Sproat and family attended the White Sox game in Chicago Wednesday.

The Marley Woman's club was represented by Mrs. Charles Elliott, Mrs. John Hubler and Mrs. Adella Sproat, at the Will County Club League board meeting, in the library in Joliet, Tuesday afternoon.

Herschel Aseltine of Hamilton, Ontario, Canada spent a few days the past week in the home of Mr. and Mrs. James Tilsy. Mr. Aseltine was a supper guest Friday night of Mr. and Mrs. Russel Lauffer.

The Freeman Fellowship will meet Sunday, Sept. 8 at 8 p.m. in the church. Jacob Krapf of Manhattan will show colored slides of his trip to the Holy Land and the middle east. Everyone is invited.

August is an excellent time to apply lime, phosphate and other fertilizing materials that were delayed because of wet weather last spring. Apply any or all of them on small-grain stubble after harvest, on pasture land any time, on hay land

after hay is removed or even on corn or soybeans if the crop is not too large.

Pictorial News Of Fall Festival At Tinley Park

GETS FIRST PRIZE—The Tinley Park Archery club was on the target at the Tinley Fall

Festival and won top honors with its float in the parade on Labor day. (Marvin Smith photo)

BETSY ON PARADE—And this is about all that Betsy is ever used for anymore by the Mokena Volunteer Fire Department. This rig has been replaced by more modern equipment but it is kept cleaned and polished and ready to roll any time the bugles sound and the bands play at homecomings and similar events in the area. This picture was taken at the Fall Festival at Tinley Park. (Marvin Smith Photo)

GOOD LOOKING OUTRIDERS—These four young ladies graced the front and back of the decorated car entered in the Tinley Festival parade by the TINLEY PARK TIMES. The birthday cake on top signals the 40th anniversary observed by The Semmler Press a couple

of weeks ago. The girls in the picture are, (front) Patricia Meyer (left) and Shirley Werner, and (rear) Lenine Couch (left) and Patricia Gallagher. Each carried a large bouquet of red roses. (Marvin Smith photo)

KEYS TO COURT—Robert Oliver (right) chairman of the Tinley Park recreation commission, is handing over the keys of the new all-purpose court recently completed in Memorial Park, to Mayor Elmer Knudsen. The presentation was made during the fall festival at Tinley. (Marvin Smith Photo)

DECORATIVE ENTRY—The Service Bakery of Tinley Park was one of several business firms to enter decorated cars in the Festival parade

on Labor Day. The bakery's entry was quite smart looking. (Marvin Smith photo)

A DONATION FOR THE TEENS—Tinley Police Chief Harold C. Moore was caught here by the photographer as he was presenting a check to Sharon Haase as a gift from the police department to the Tinley Park Teen club. Miss Haase and her escort, Joe Lucas, are members of the Teen club who were elected Mr. and Miss Tinley Park as a part of the annual Fall Festival program. Standing beside Chief Moore is another member of the police department, Peter Seeley. (Marvin Smith Photo)
